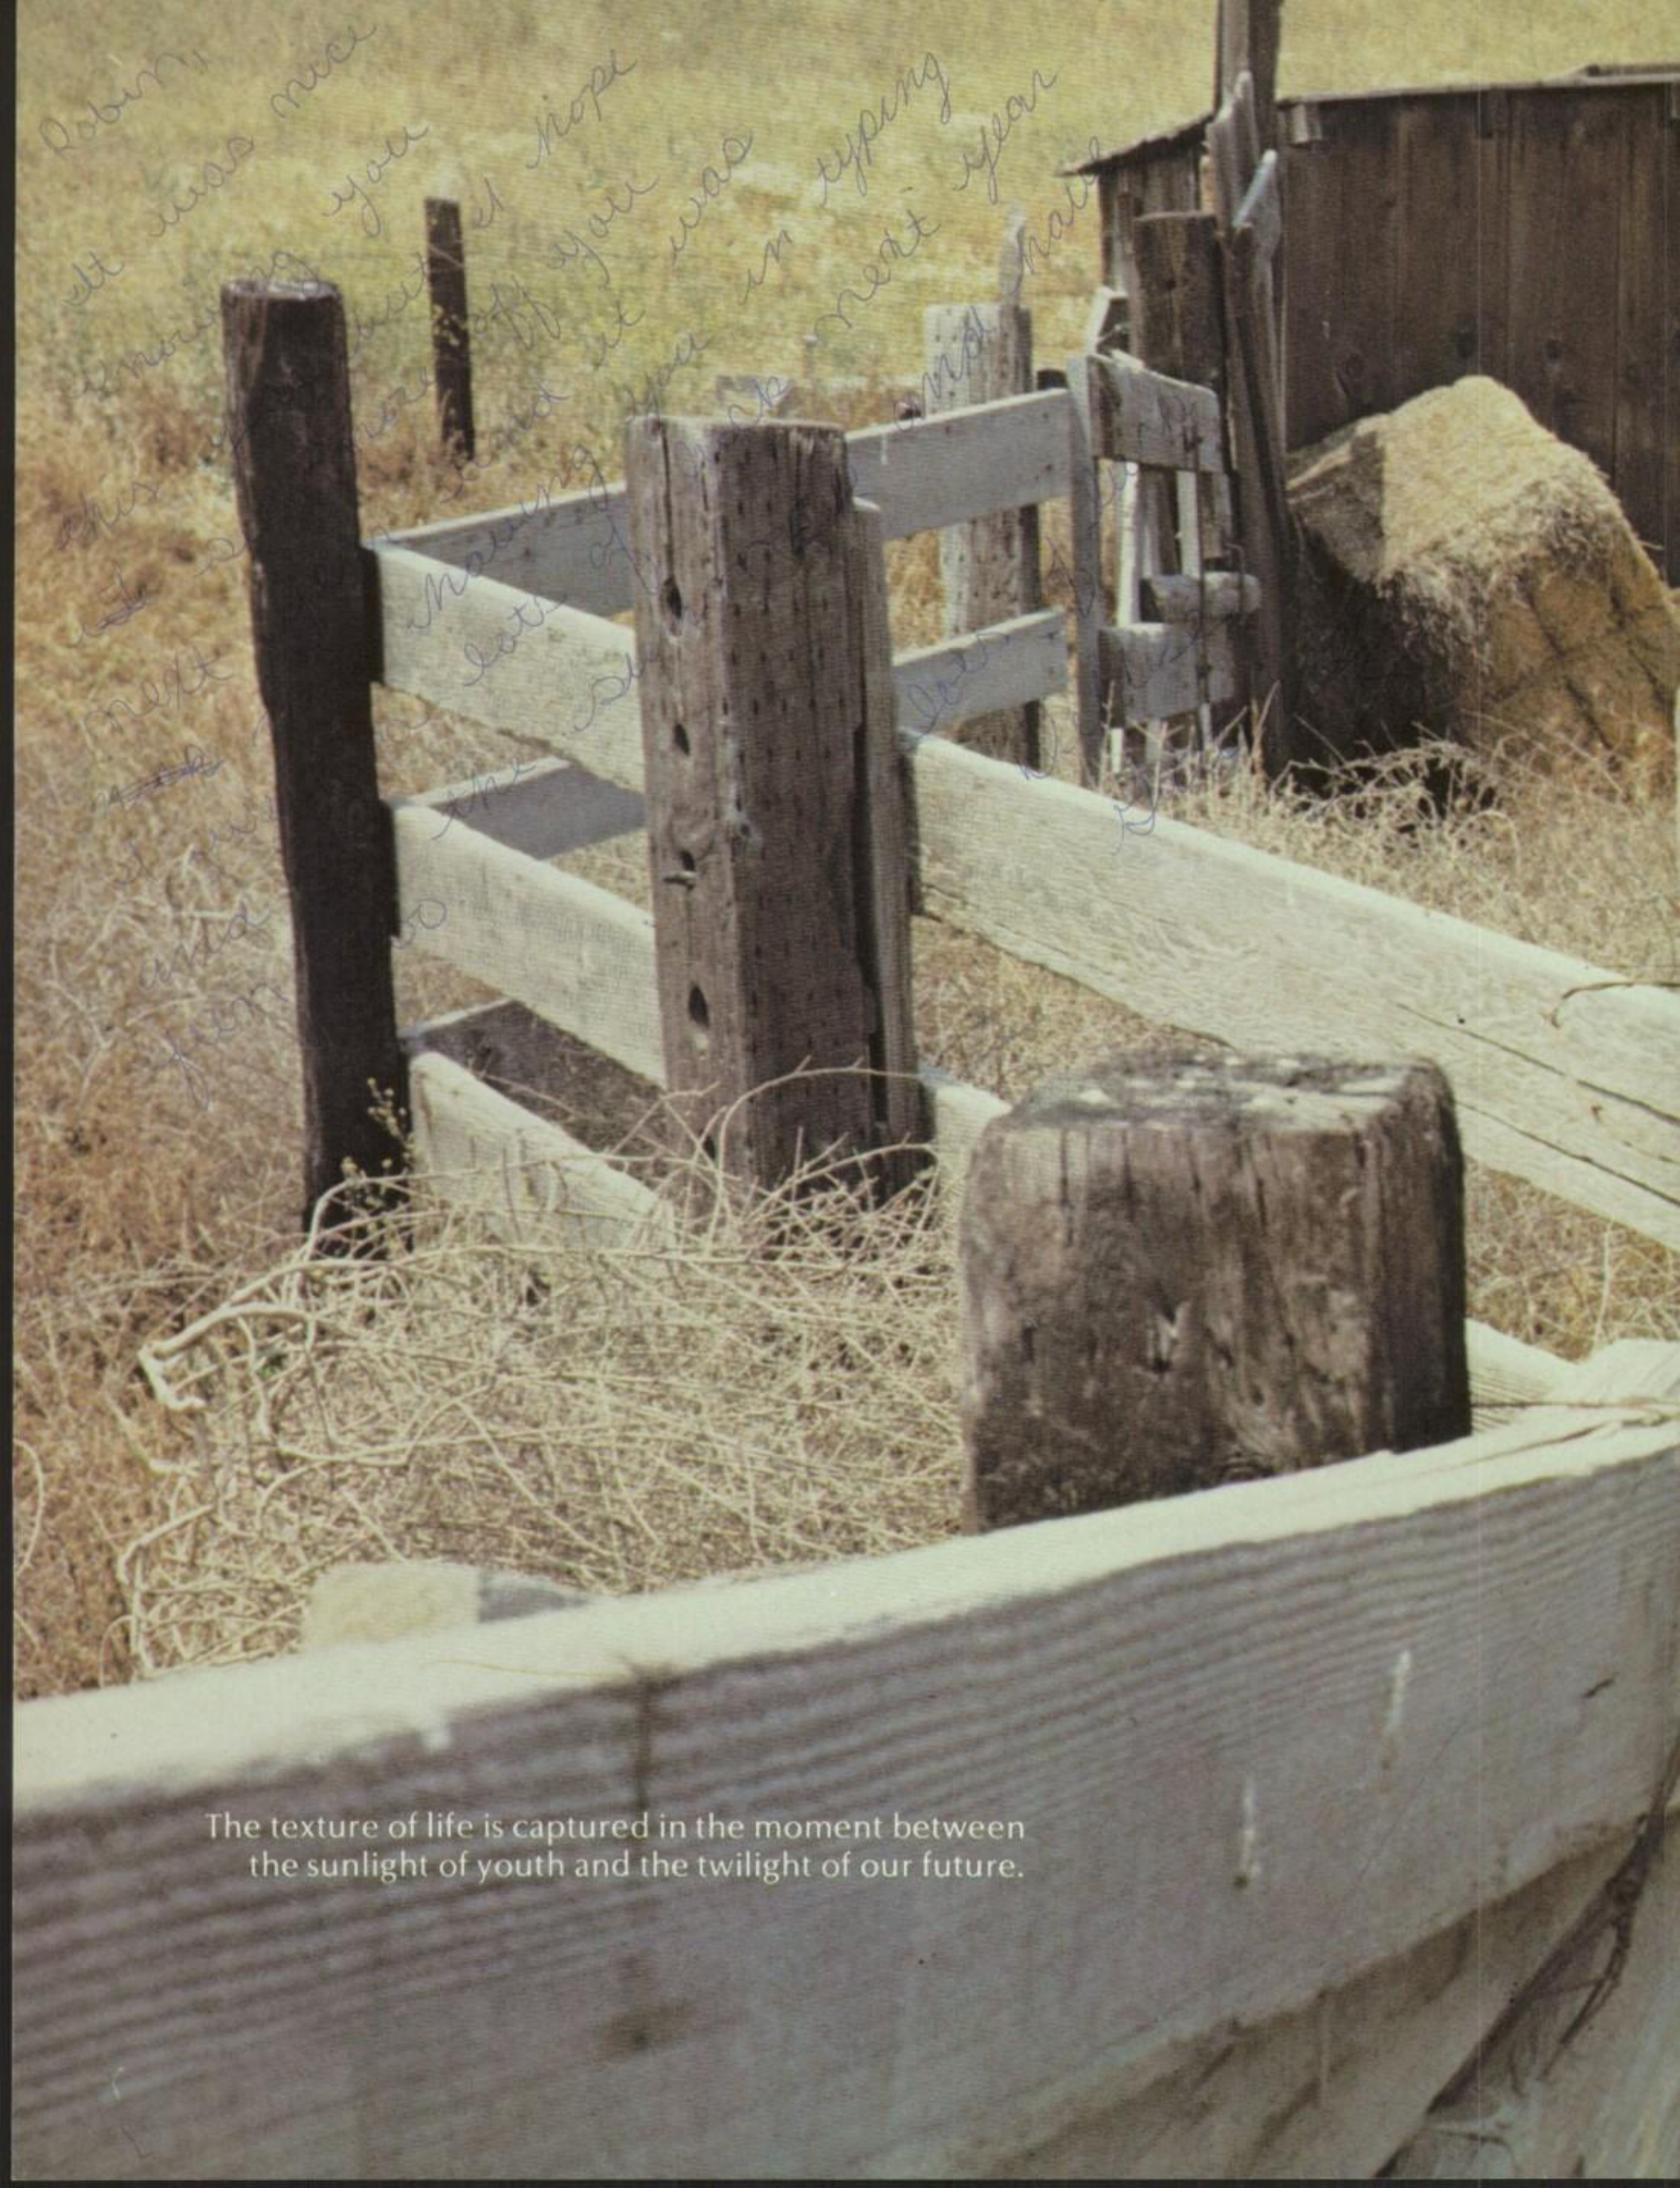
If we can not remain in contact with the physical world through all of our senses, we can not continue to grow and effect change.



The texture of life is captured in the moment between
the sunlight of youth and the twilight of our future.

Robin,
you're a really nice person and it was nice to know you. I hope you have fun this summer and in the following years.
Linda Wilson

When we were young in mind and body,
we eagerly viewed the world around us
as a laboratory of learning experiences.
We used our senses to establish identity
with an object through its smell, its
shape, its texture, or its color. We
were aware of our relationship to that
object-to the effect it had on us and,
in turn, the effect we could have by
using the object to meet our own needs.

Wow, 22 pitups! Watch out, or you'll become a regular athlete!
Take care, bud.

"Learning is a one-way street . . . your way." This is the simple philosophy of a complex man. The philosophy of a teacher. Mr. Gabriel Fernety is this kind of man. In a unique, unselfish manner, giving of himself daily, he strives for order amidst chaos. Counsel, advice, a bit of wit, and a word of wisdom are just a sampling of his varied qualities. Words cannot express our love for this man. He has given two of his most valuable attributes, the art of teaching, and most important . . . himself.

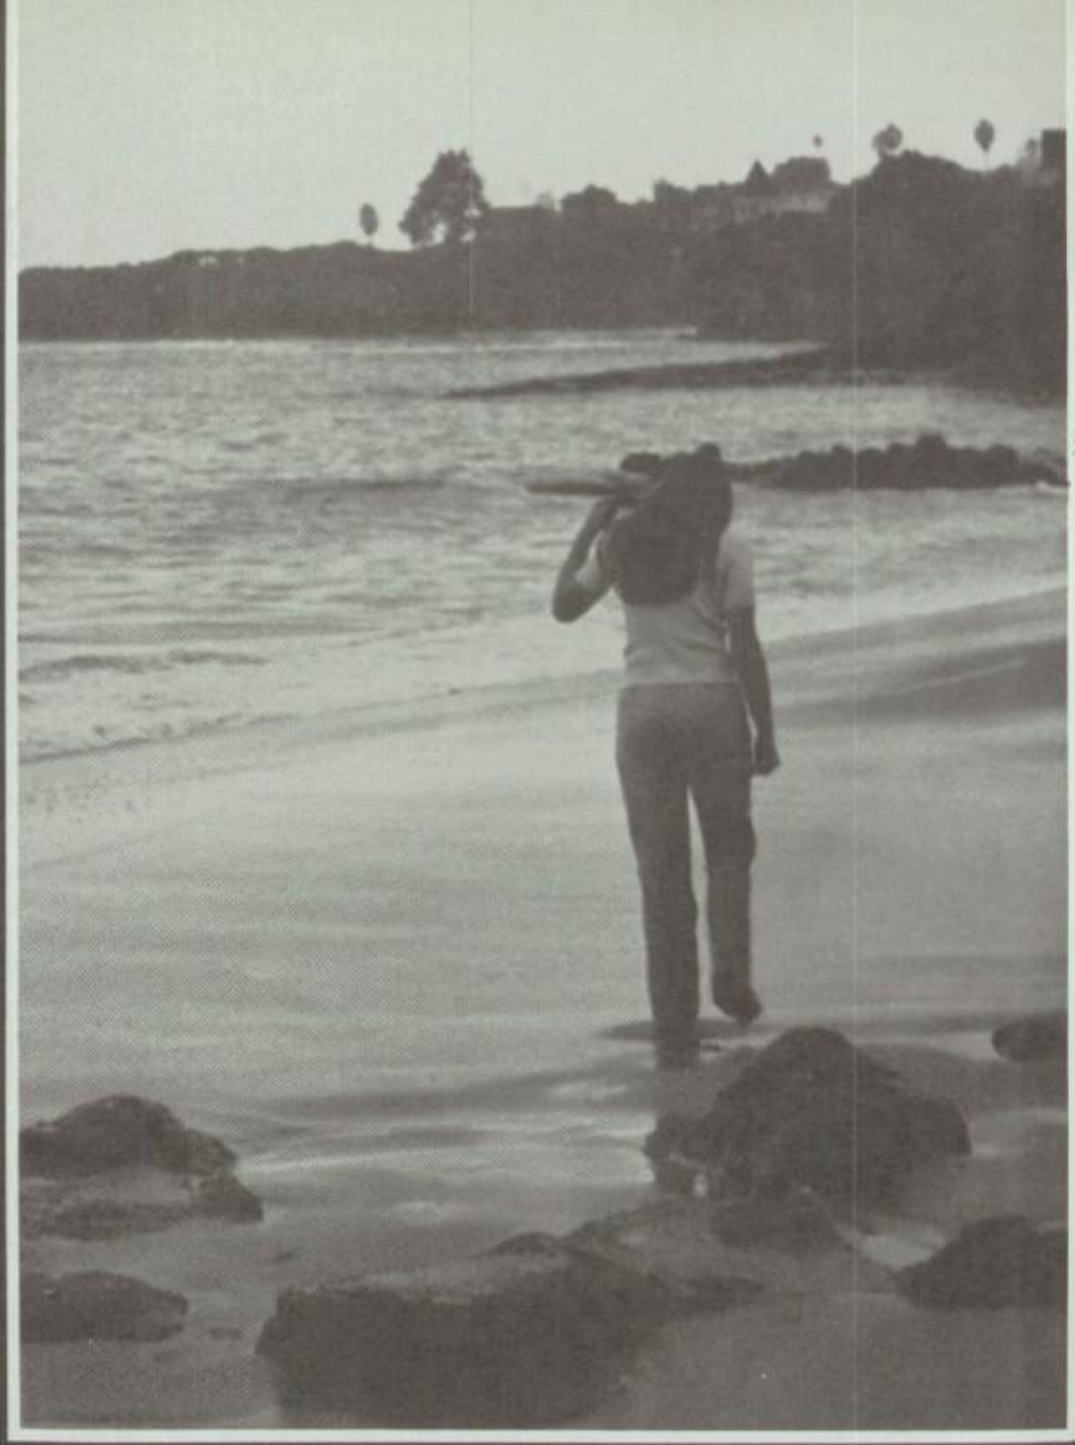
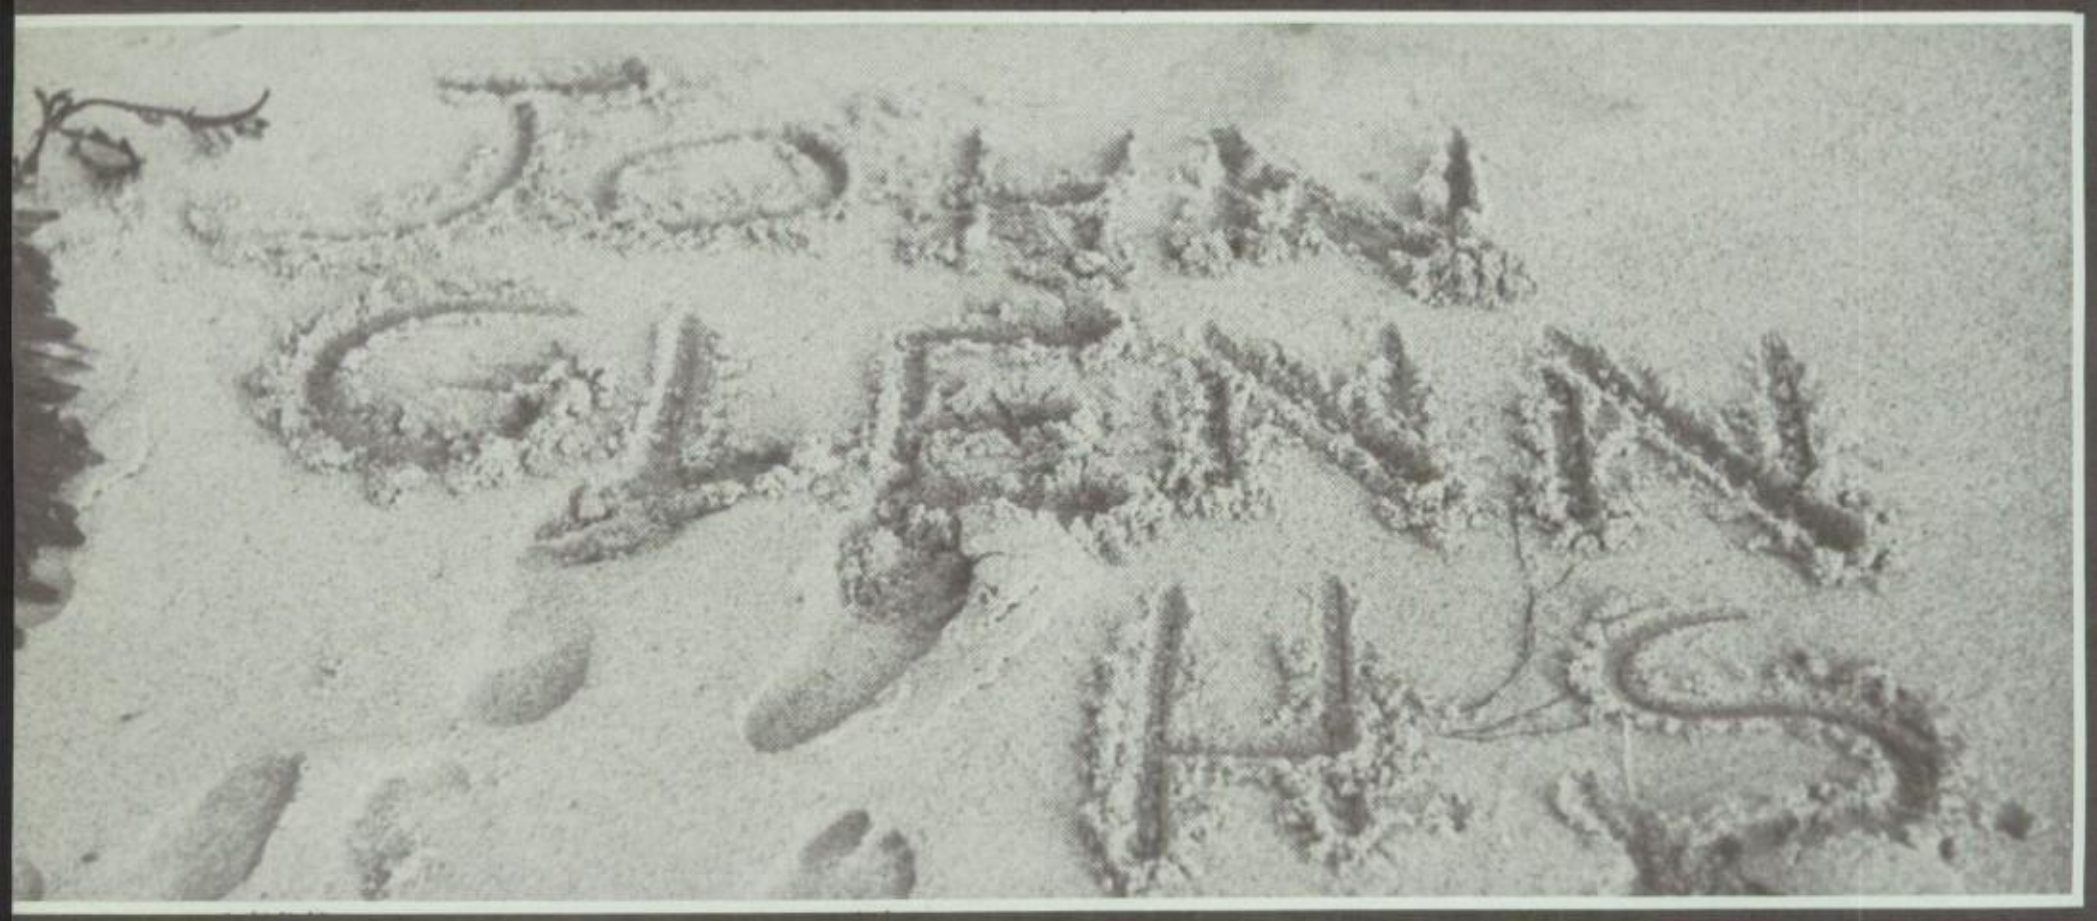
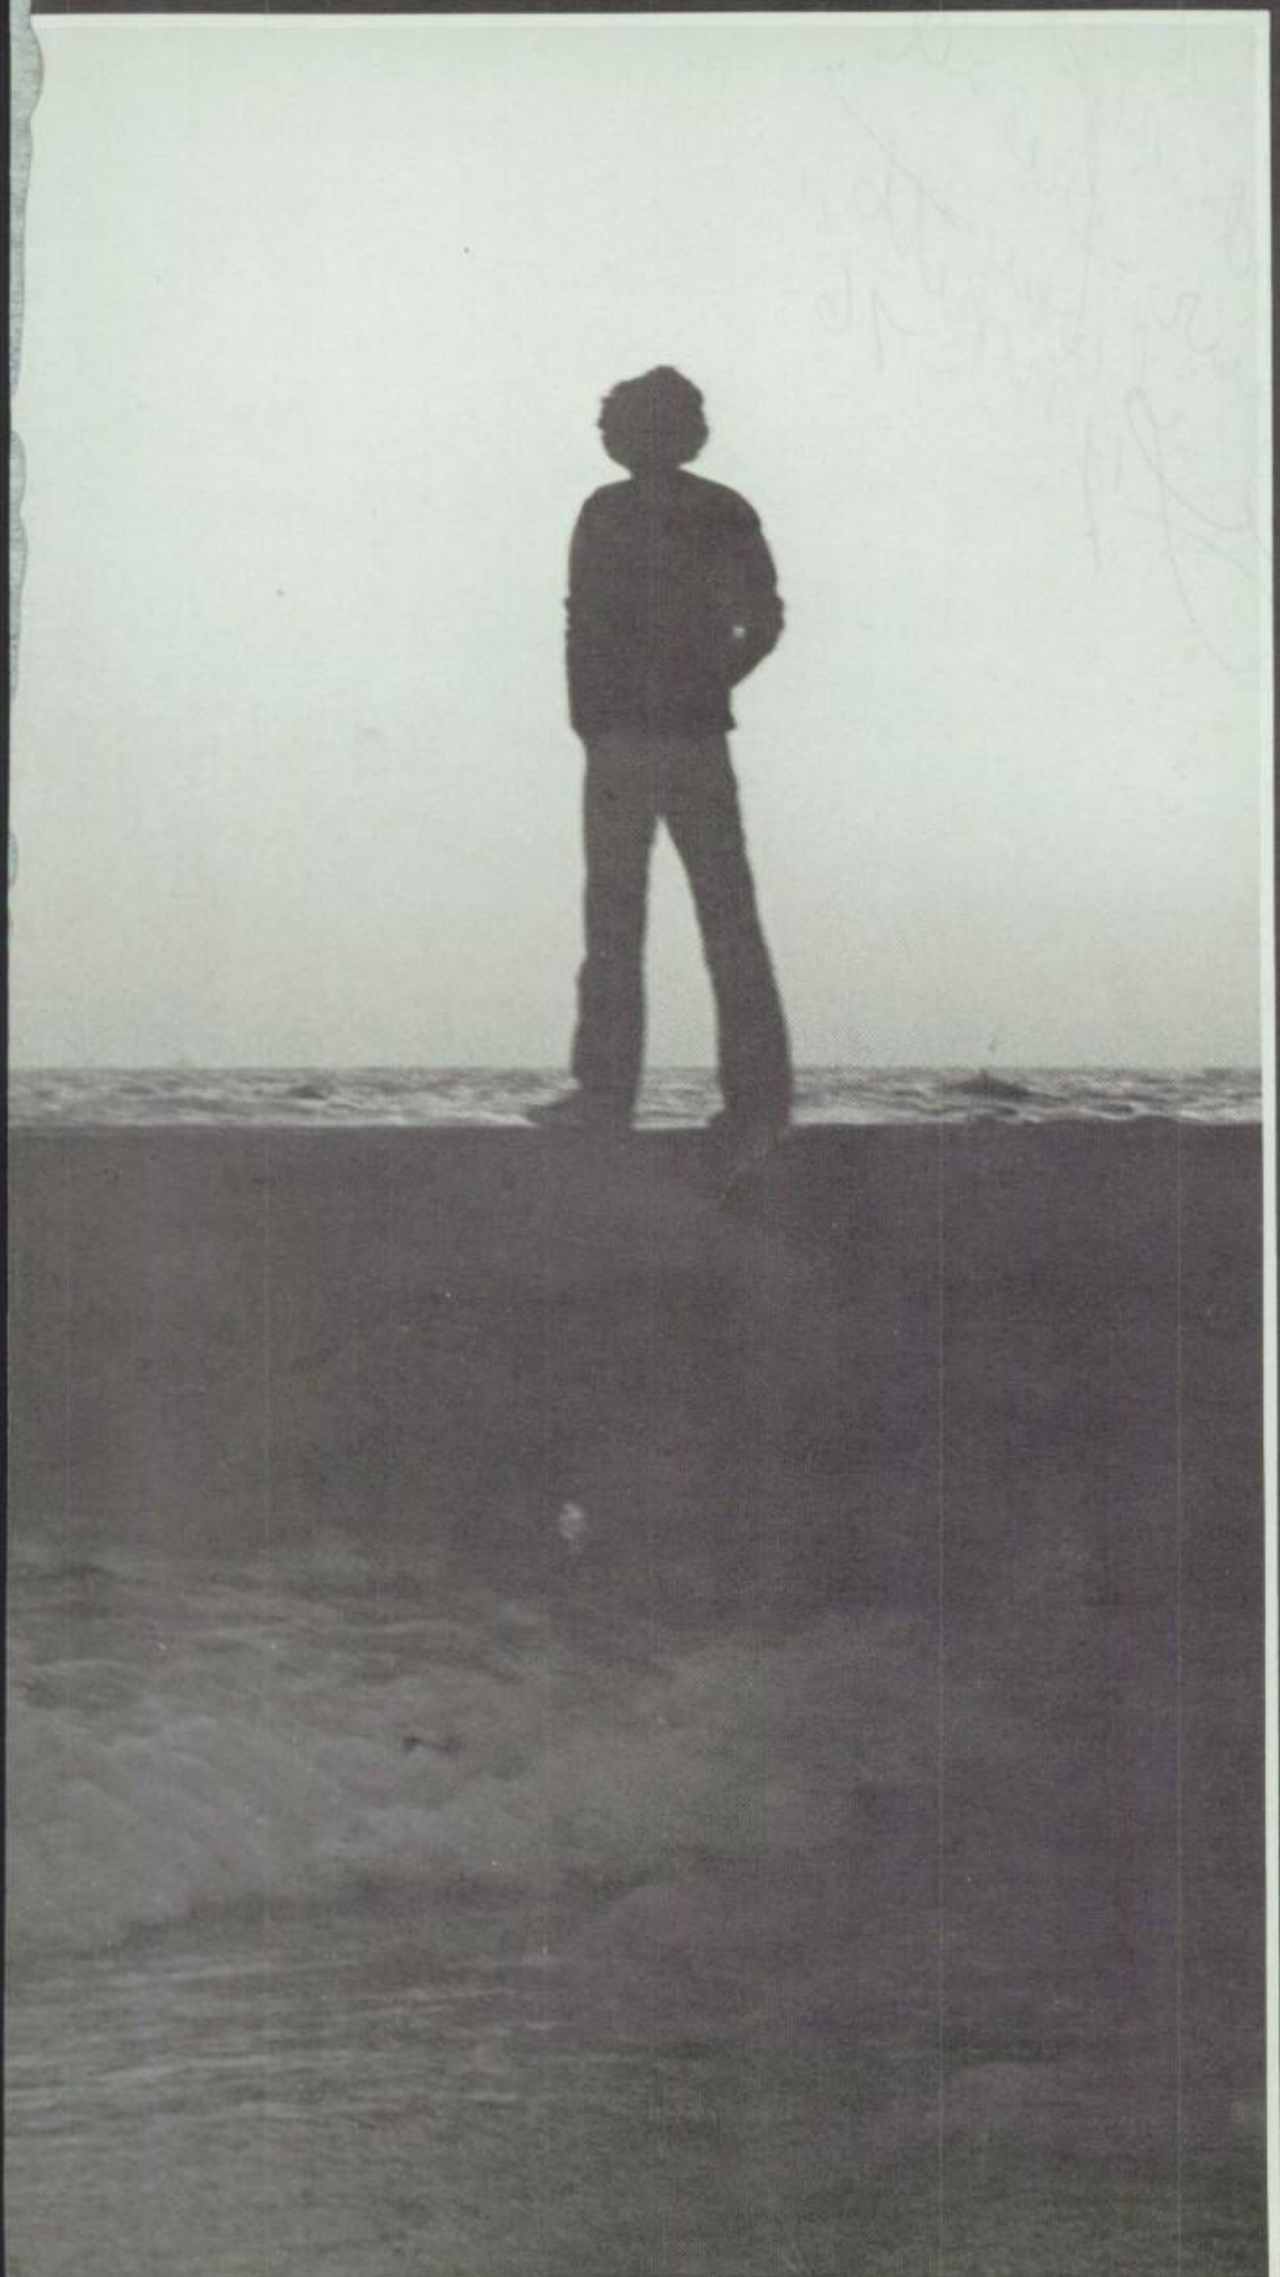
The tracks of time
Lay ahead
Of us
As we climb
Aboard the train
Which will lead
Us into our near future.
We search for a new world
Remembering those times
Behind us
And looking forward . . . .
To the long days ahead.



As the sun fades away,
along with it goes time and the
everwondering happenings of life.
During these moments
of aloneness with one's self,
remember how it was?





We seek time to get away
and to find the serenity
of a quiet moment.
We think of the years gone by
and the treasured memories
they have brought to us.

With the combined efforts of each girl this year's gymnastics team had done quite well for themselves. Besides giving our school a good name in this field of athletics they have developed their minds as well as their bodies. We ask ourselves where spirit has gone and maybe we should just open our eyes and bring our teams together.

Girls' CIF Tennis

With a 5-2 record the Girl's Tennis Team went to C.I.F. this year. They played all schools in the Surburban League. Inda Chavez received "The Best Sportsmanship Award" for the 1973-74 season.

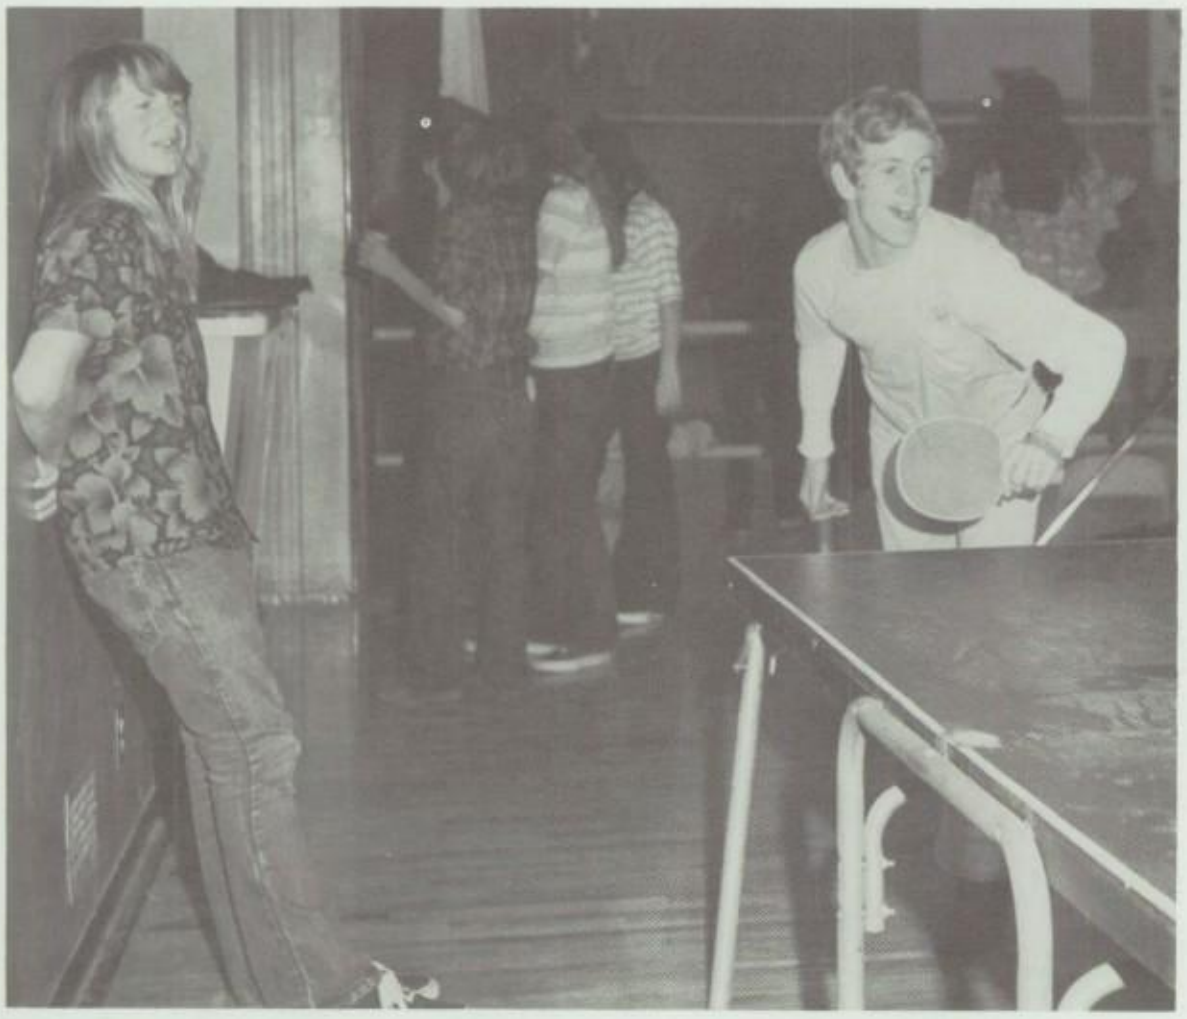
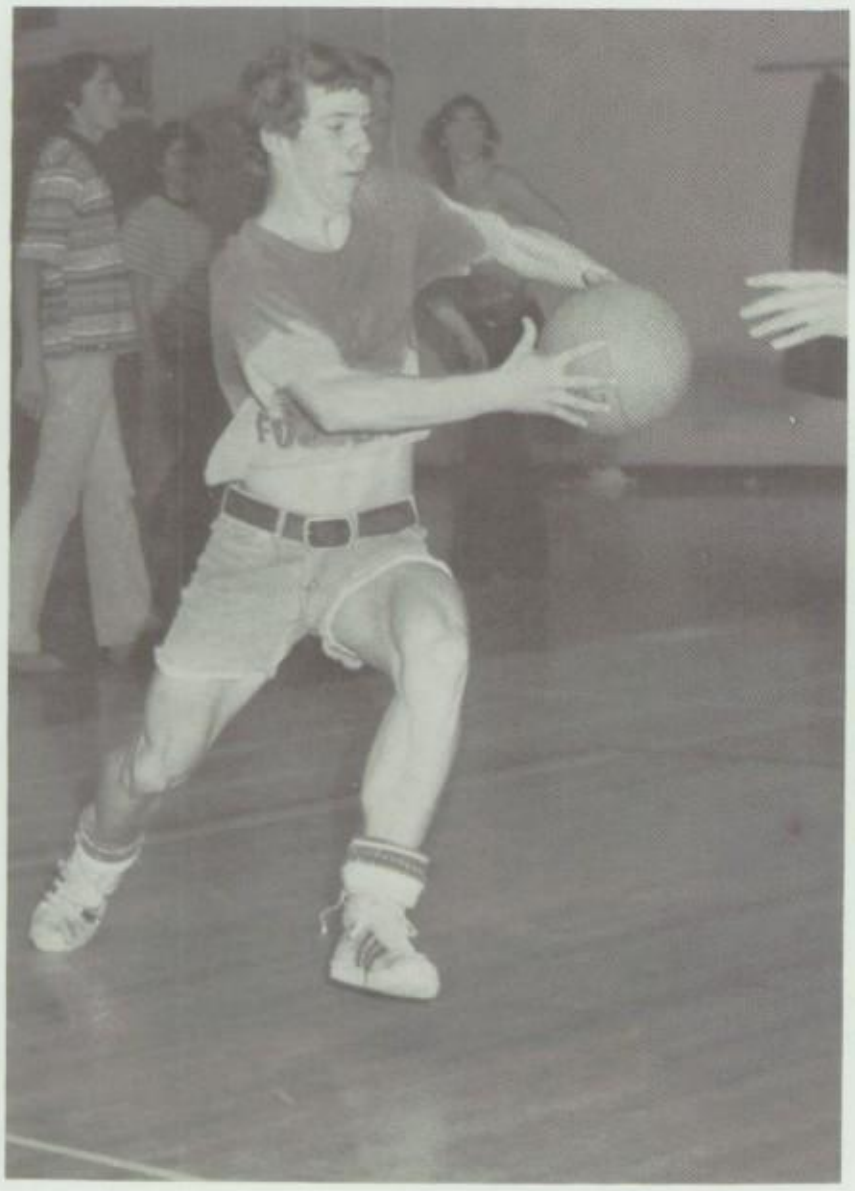
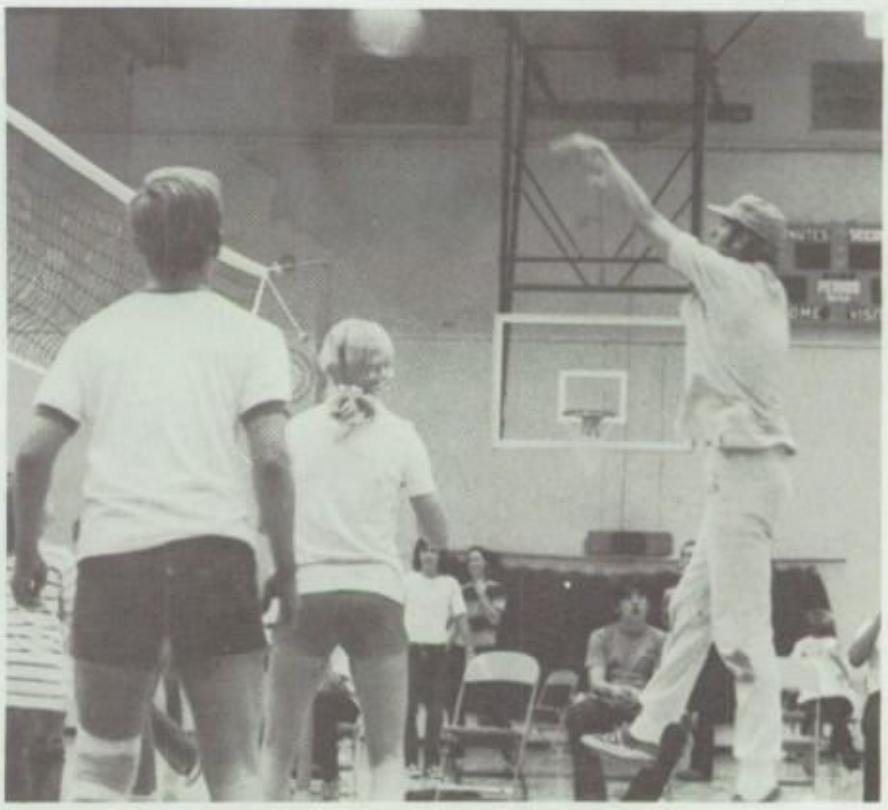
Sports Night







With the volleyballs, basketballs and ping-pong balls bouncing around, sports nights were full of the usual laughter and excitement. Teachers heartedly accepted the students' challenge of a tournament. The teachers usually came out on top to receive the trophies at the end.

Robin,
It was a pleasure having you in Typing and Driver Ed. Hope I see you next year. Help out by rooting at the football games & all the other ossitoo. I'll see you next year!

With the combined efforts of the freshman and sophomore football team, came an outburst of sudden swiftness. As the year started it looked as if it was going to be a successful season, but as it drew to a close it came with a sudden downfall. Their hard work was only defeated by the opposing team's ability.

Yesterday is something today. So goes the theme of the 1973-74 Homecoming. It started off with activities through the week and on to a sparkling assembly, best ever seen yet. The Senior Alumni Tea was as enjoyable as ever. From wagon racing to wagon napping Friday night became the high point of the week. Then the long awaited moment came when Princess Elsa Bruinsma was crowned Queen of Homecoming. After a victorious game came the late night dance with a band called "Froggie".

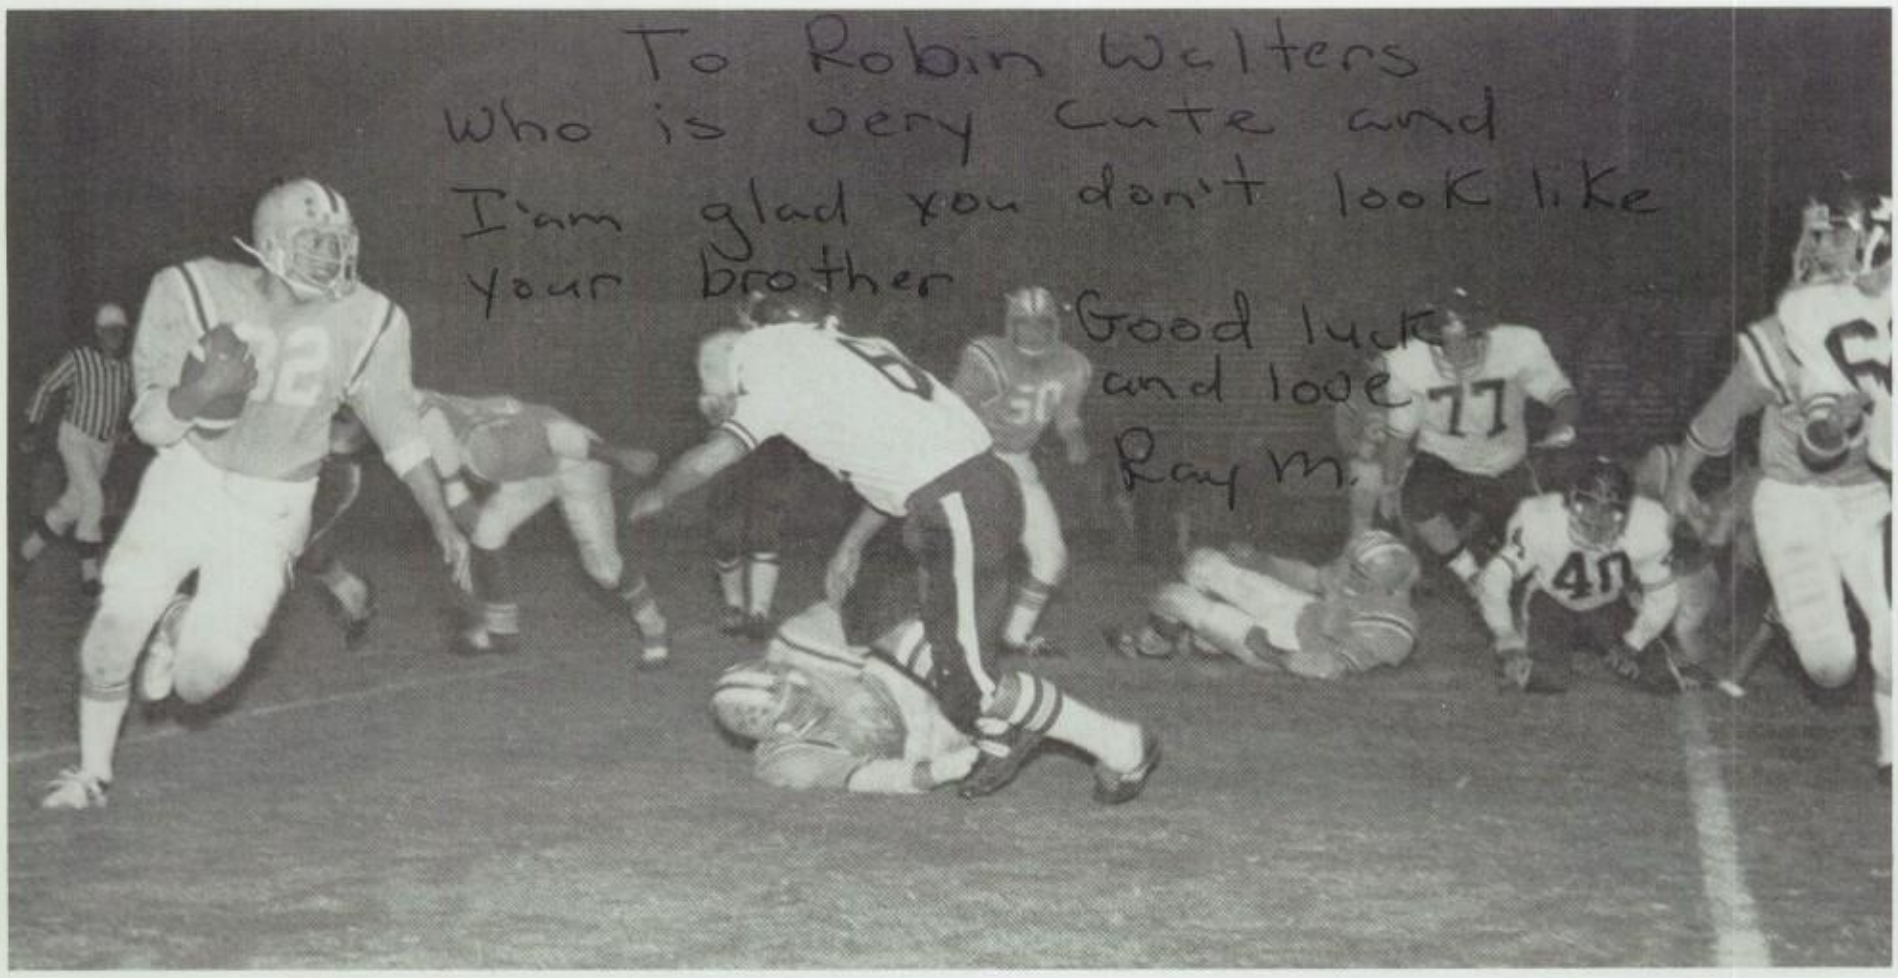
Homecoming

Week



This year's football team was one of great strength and endurance. Especially after so many disappointing defeats and injuries they still fought back. They went through rain, sleet, and HAIL out on the field for their fans. No matter how big the loss they kept on pushing. To us the Eagles are truly No. 1.

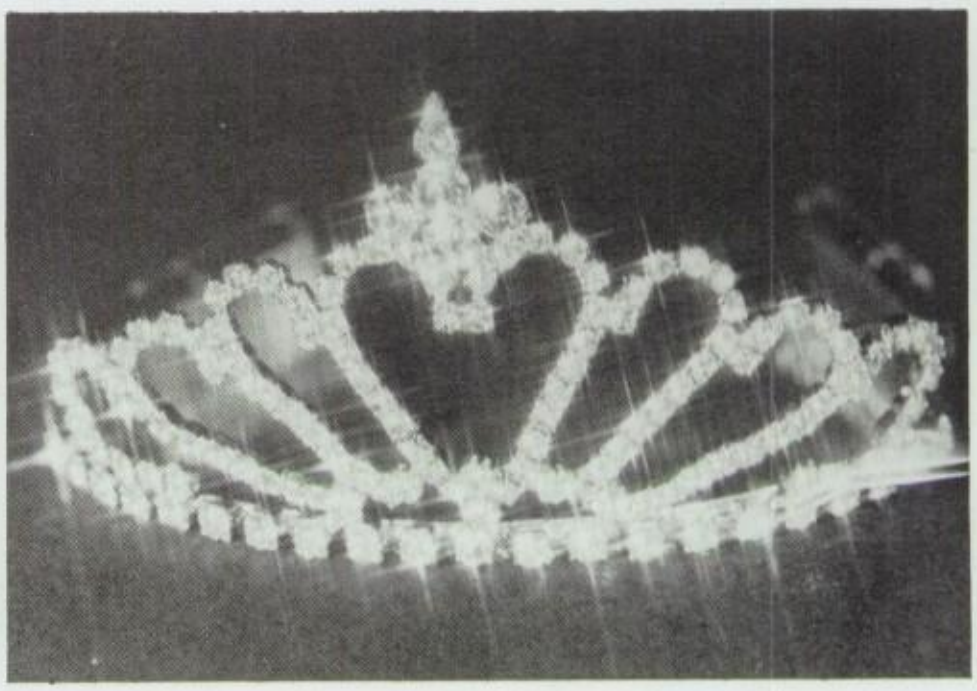
Homecoming Dance



After two years of waiting we finally won our first league game. Following the football first, came the big late night dance. The band was superb! If it's from oldies to the Rolling Stones, Froggie could play it, During the entertainment, pizza and punch were served as refreshments and enjoyed by all. It gave a chance for the alumni and the students to get reacquainted. The atmosphere was one of great spirit and enthusiasm.

C.I.F. Girls' Volleyball

This year's girls' sports showed great determination in their ability to win. The girls' volleyball team went to the C.I.F. finals at Westminister. This is the first year girls were entered into C.I.F. Their record for the season was 8-2. Girls' sports have come a long way baby!

This year's assemblies were in short supply with very little to account for. Spirit was low along with activities. When we did have assemblies they were usually very well planned and kept you interested.

summer you have.

Spirit Week

The 1973-74 Spirit Week was a week in which students were able to express the spirit and enthusiasm in which John Glenn has been longing for. The Pride of "74" led all classes in events won. Their energetic ability helped to win the Wheel Barrell Race, Three-legged Race and Trash Can Filling Contest.

Christmas

The night was calm, the stars were lit, and it made the theme "A Christmas Fantasy" a true setting for the 1973-74 Xmas Dance. The band "Froggie" made it a night to remember with music of yesteryear and with the many people who were there it turned out to be a great success. This year's Queens were Yolanda Musquiz and Cindy Triggs, 12th grade princess was Debbie Johnson, 11th grade princess was Kathy Minton, 10th grade princess was Tammy Golden, 9th grade princess was Mandy Diaz. They were all as beautiful as usual.

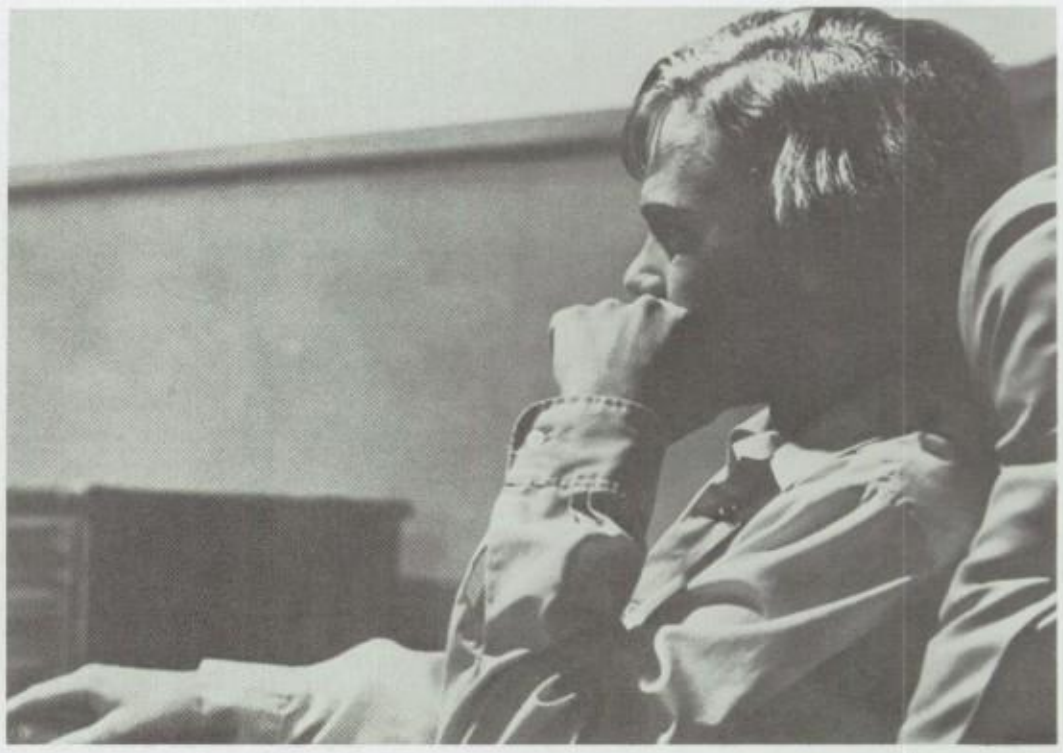
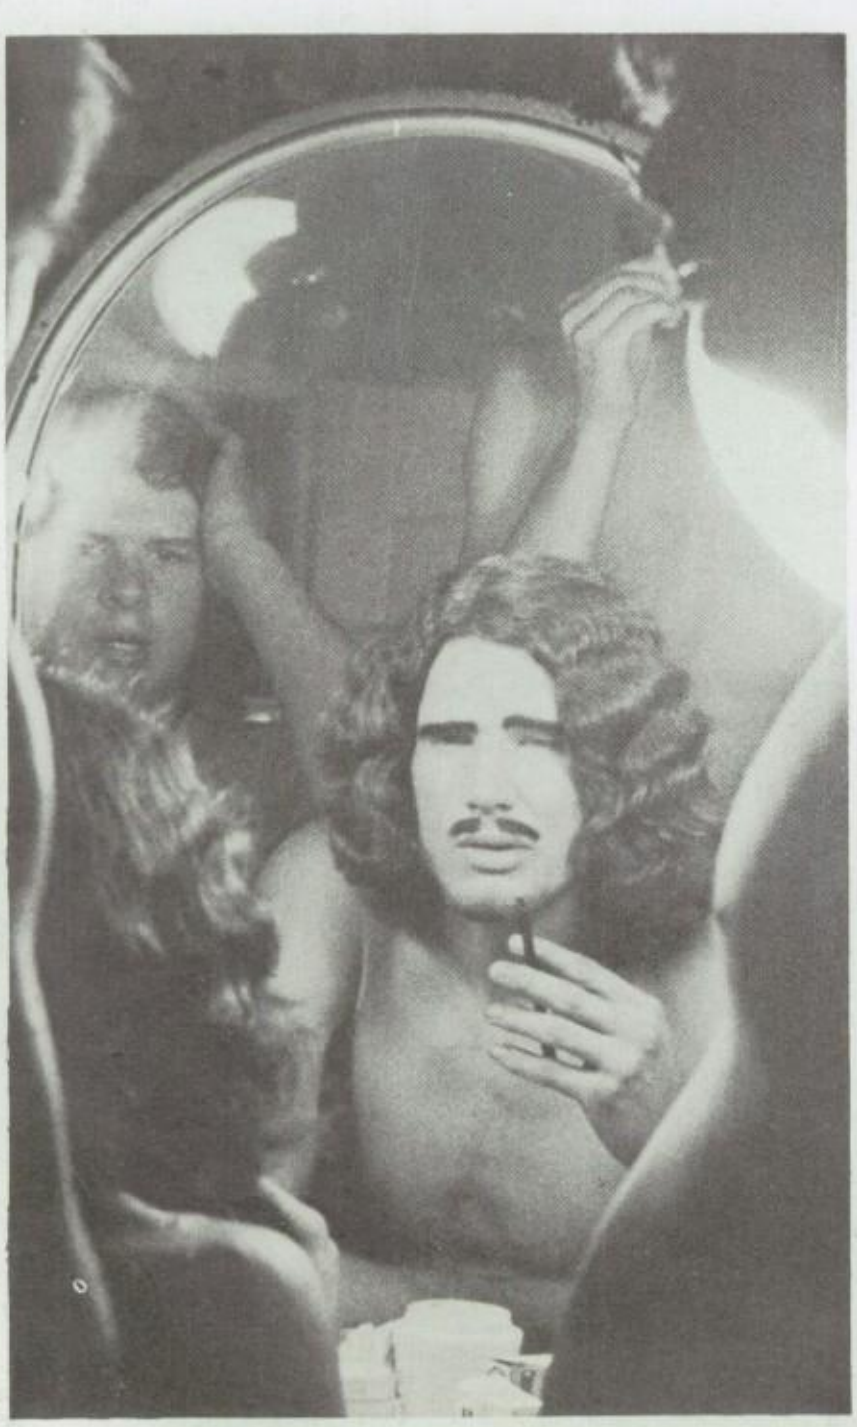
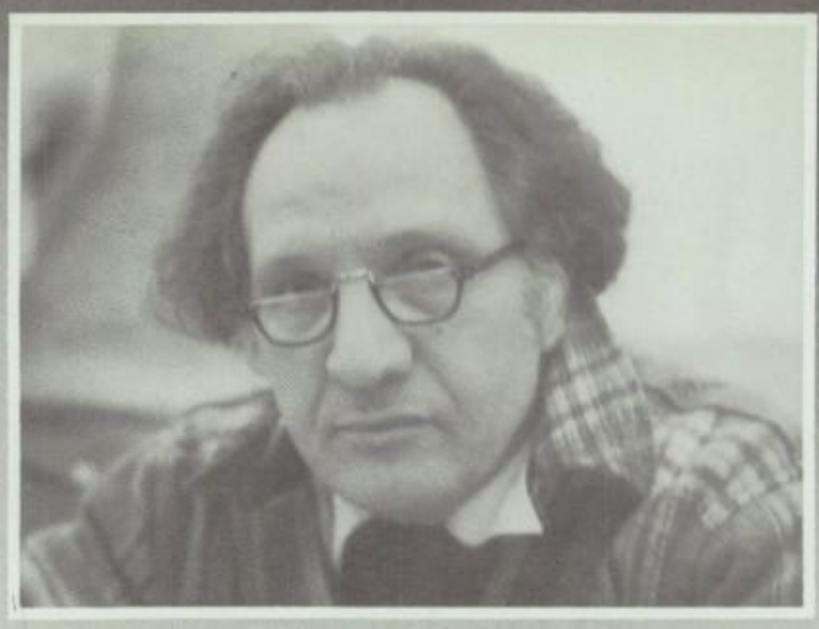
"Never Too Late"

As the lights go down, and the curtain parts, the crowd becomes quiet and wonders what's ahead as they anxiously await one of the better shows put on by the John Glenn Thespian Troupe. Considering all the little technicalities that happened such as no props until opening night, too much make-up, and not enough rehearsals, it proved to be a success.







"Butterflies Are Free"

The John Glenn drama production of "Butterflies Are Free" debuted as possibly one of the most risque productions ever put on by this troupe. The main characters were seen loosely cavorting on stage in their unmentionables and as it was so aptly put "Bright lights and unmentionables just don't mix." "Butterflies Are Free" will go down in history as being a slightly unusual, but good production.

We owe a great deal to this year's Varsity Basketball Team which was one of aggressive power and stamina. They went through alot this season— like winning a game and then loosing the same game minutes later. They kept the crowd on their feet at all moments of the game. This team is truly one of the most persistent teams we've had in a long time.

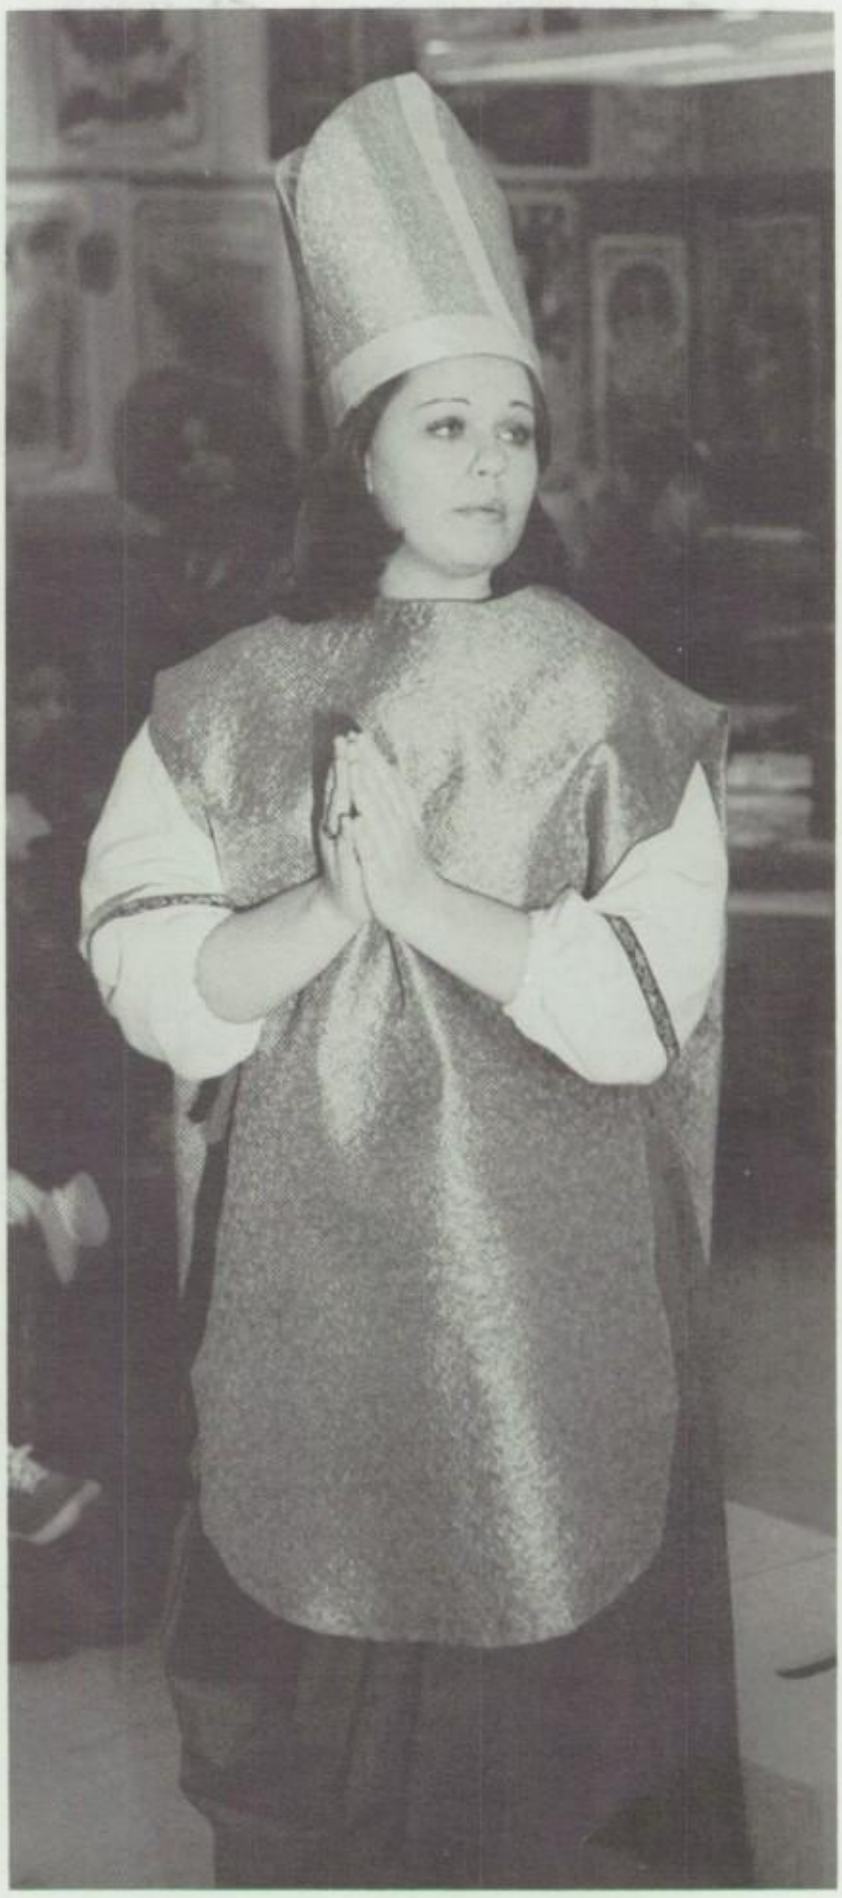
Children's Theatre

"THE FISHERMAN AND HIS WIFE"

As Children's Theatre enters its third year of existence on this campus people have accepted the idea of odd people running around in wierd costumes but deep in our heart we know something more is happening. They are bridging a gap between reality and fantasy for children and are richly rewarded by happy cries and big bear hugs. This year they performed two smaller shows instead of one big one and it has proved to be a greater success. The first show was "The Fisherman and His Wife" which included an enchanted flounder, a hen pecked husband, and his willful wife. The story is about greed and its evils.



"HENNY PENNY"

This years rendition of Henny Penny proved to be slightly unusual. This play concerns itself with the exploits of a chicken who likes her rock-n-roll, and enjoys tripping around her barnyard. One fine day something plunges from the heavens and knocks her on the head. This causes much confusion and sends her on an errand to find Kingy-poo (?) and announce the sky is falling. On the way she encounters her barnyard friends, Cocky Locky, Turkey Lurkey, Ducky Wucky, and Goosy Poosy. Suddenly Foxy Woxy pops out and convinces them to follow him and he winds up devouring them all except Henny Penny who in turn decides to lay her egg, But . . . She never did tell the king the sky was falling!!!

Intercom

The Intercom Staff means a newspaper, a rushed deadline, re-writes, running out to get a story, realizing you've only got half enough copy, the editor Susie Van Epps, and advisor Mrs. Lerner battling a reporter over a point of journalistic style, shuffling and dealing out ads like playing cards, frantically phoning your photographer, and taking a couple of Excedrines for headache #5322.

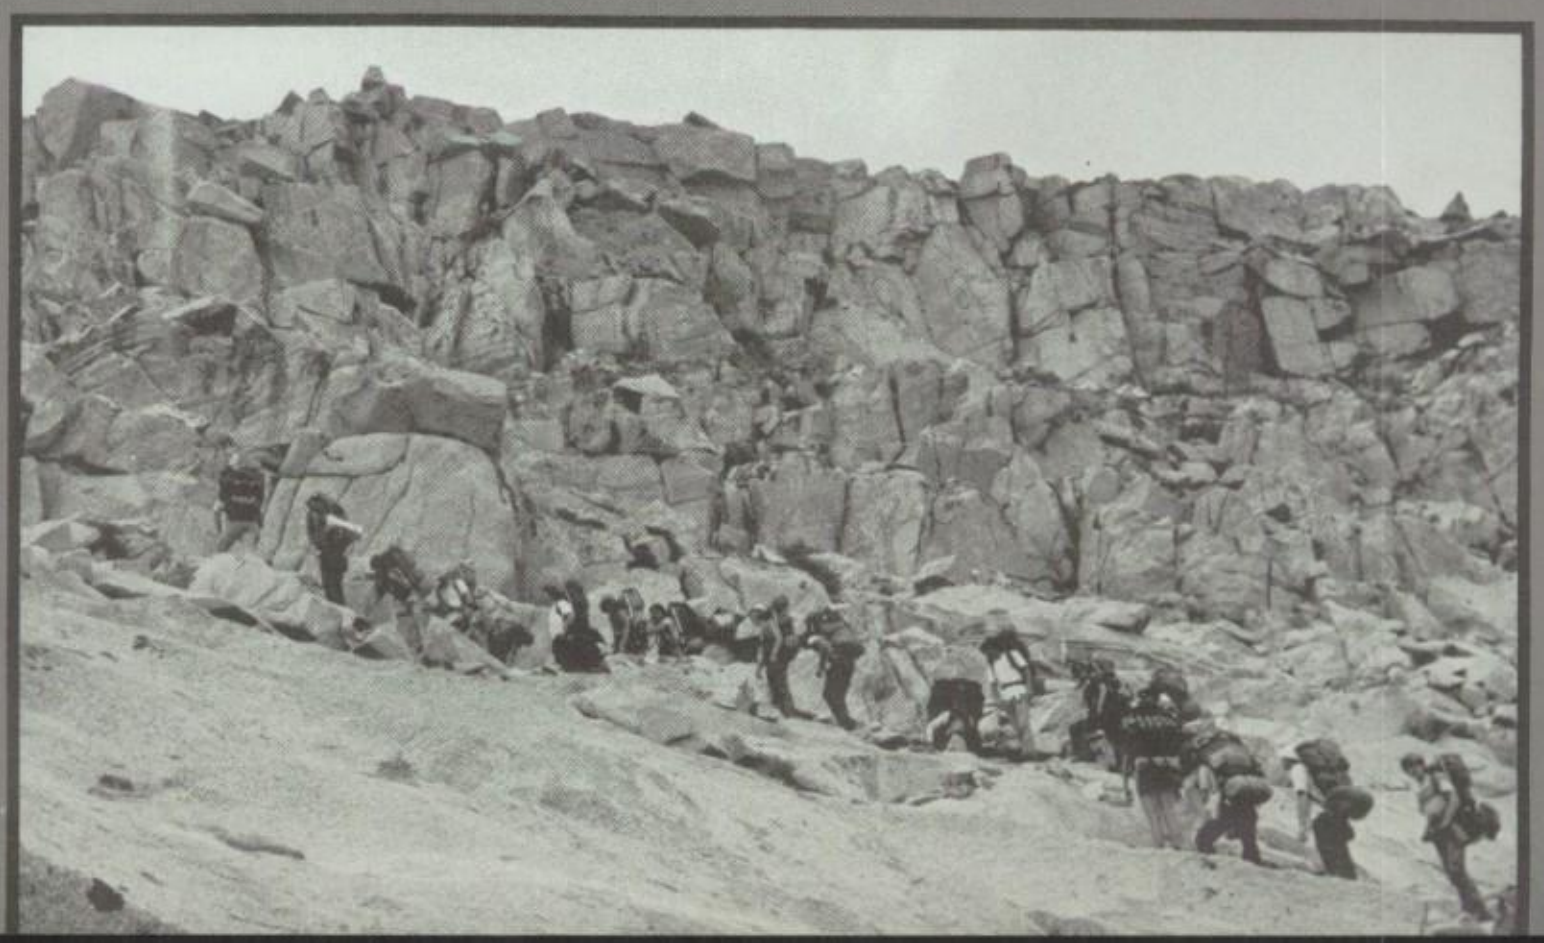
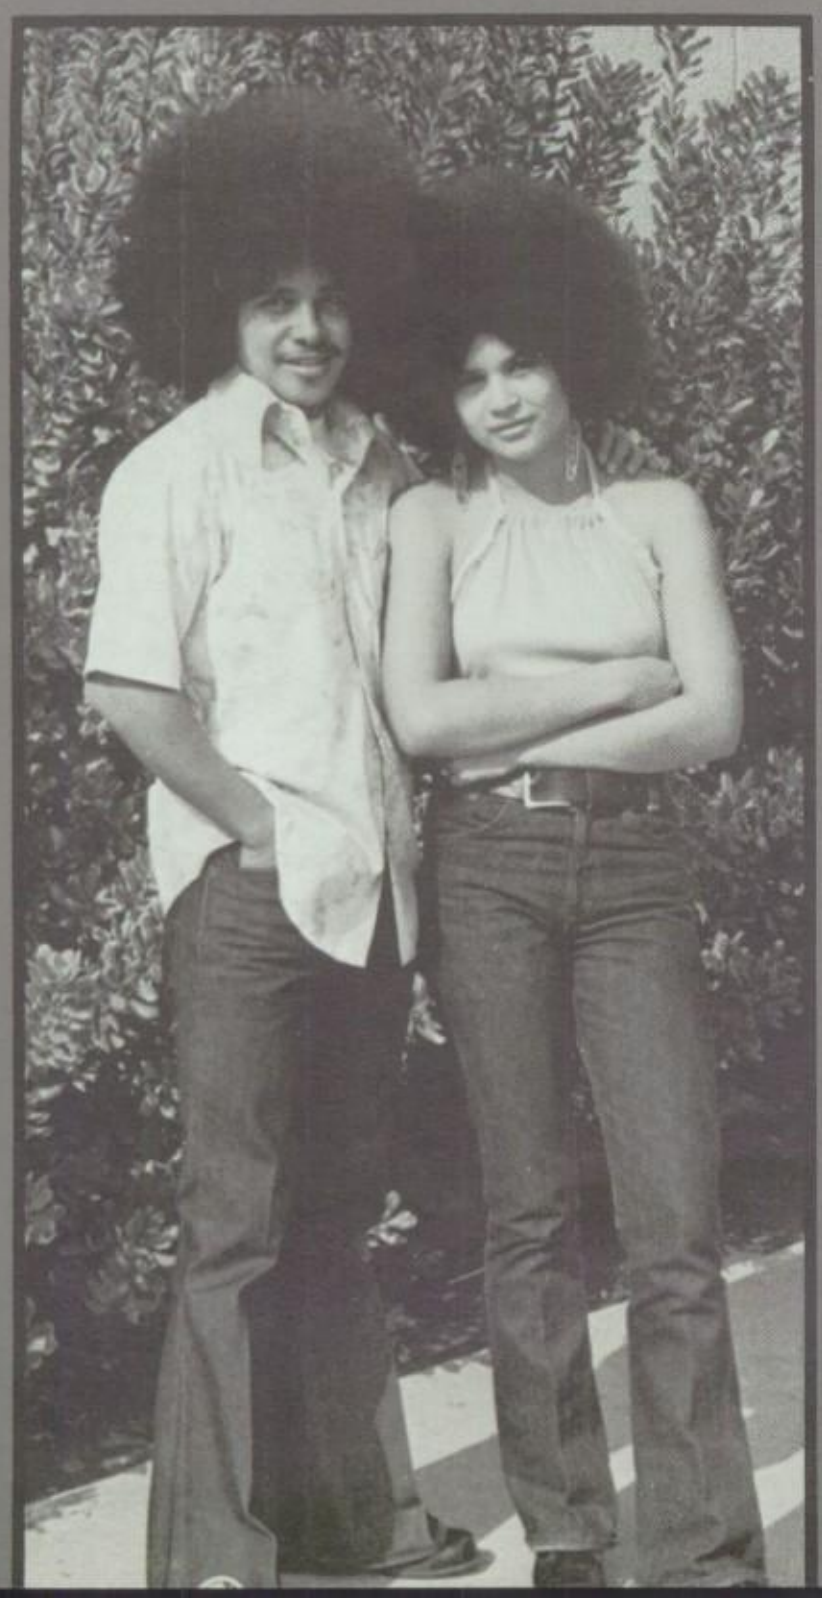
This year's foot stompen mountain climbers ran short on both gas and people. They started with a shortage on money and found that the people who had hiked the years before had slacked off. The club still went on gaining new faces on the bus who wanted to hike and have lots of fun.

Mountaineers





Latin American Club

The boogiest club on campus! This club is one of the richest and most organized associations we've ever had at this school. They have accomplished a great deal in the area of activities and money. With dances that exceed over $200 in profits alone, they come up with bigger and better bands.

淺見恵

KEIKO ASAMI a bright, intelligent girl, who came to live with the Dominguez family, arrived with her father Michio Asami, a translator for a Japanese wrestling team in March 1973. Keiko was born February 22, 1958 in Gunma, Japan. She lives with her father Michio Asami, her mother Yukeko Asami and sister Yuko Asami in a Shinto Village. She likes school and the people who go there. Her favorite subject is Math. With her great personality and ability to make friends Keiko learned the English language in no time at all. Early in the morning before school, she goes into the library and does some hardy studying. After school she plays tennis with the team at Glenn. This year Keiko went to the C.I.F. Girls Tennis Finals at Marina H.S. in Huntington Beach. Her favorite color is light blue and she likes roaming around in T-shirts and pants. She gets great enjoyment out of drawing and playing the piano. We will all miss Keiko when she leaves, but we will not forget her. We have dedicated this page in her honor.

This year's A.S.B. was quite different from the cabinets in the past. Instead of serving in office from September to June, January to January was the new policy. The reason for the change was primarily that the Seniors that were in the cabinet found it hard to plan activities for next year. A new election was held and new officers are now planning activities for the 74-75 school year.

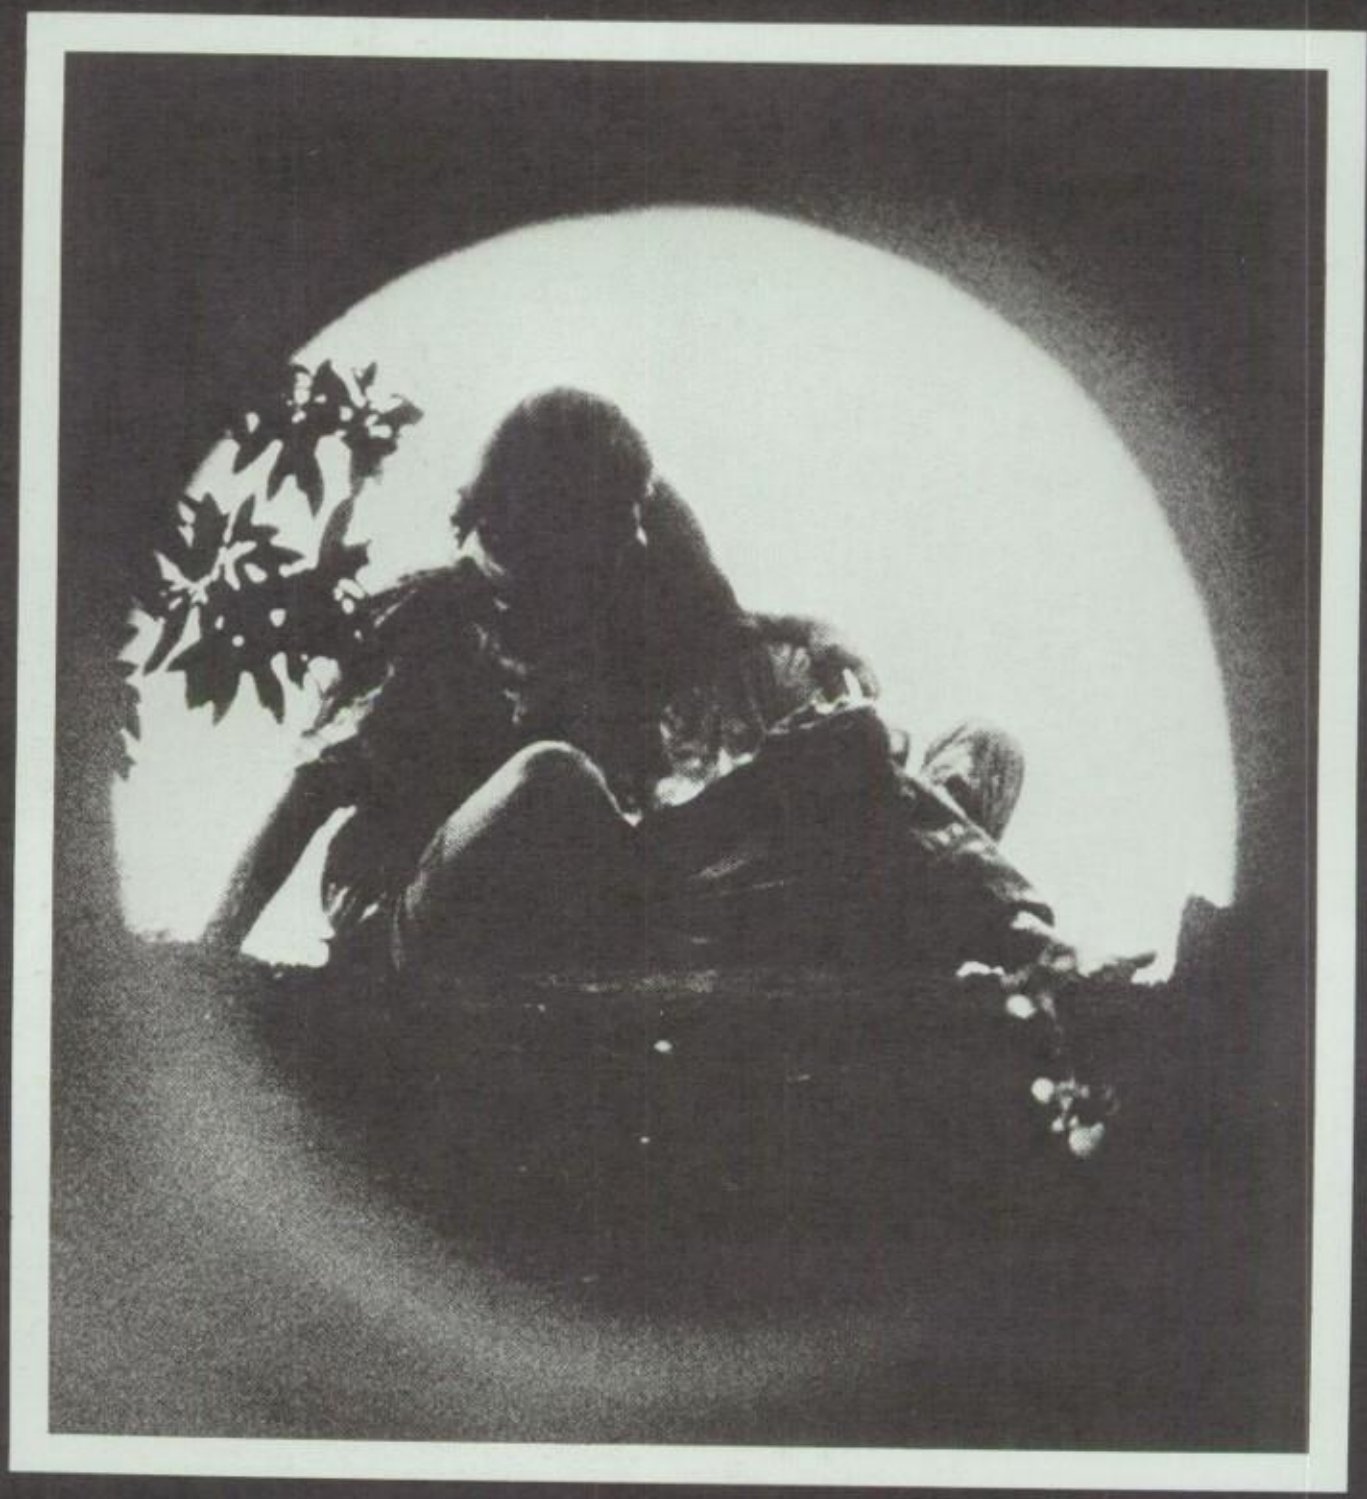
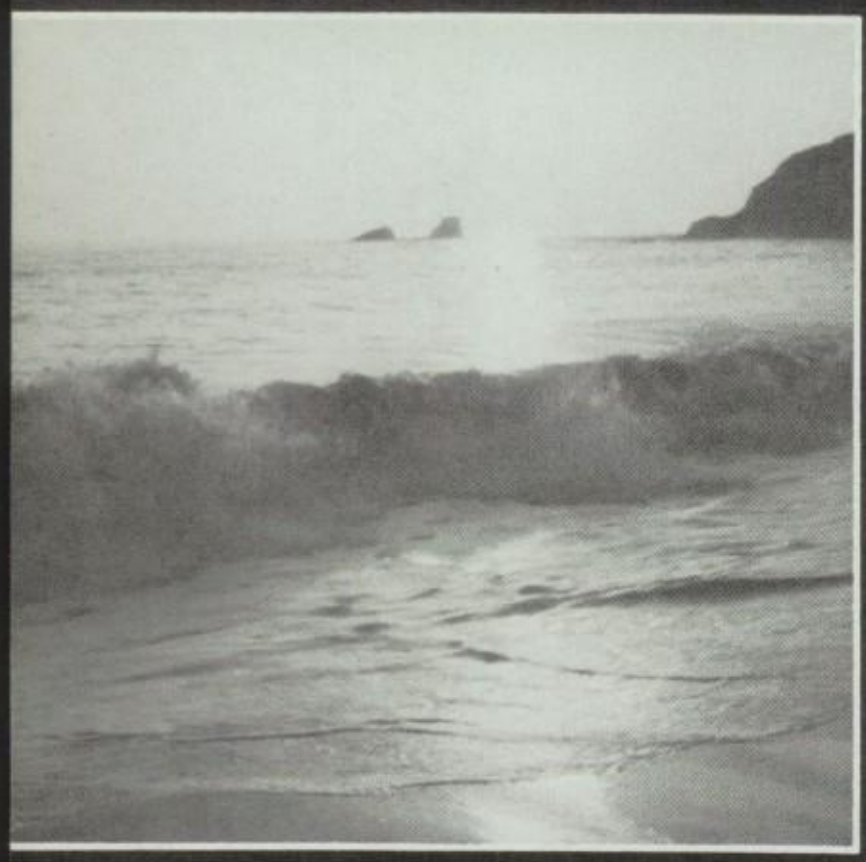
FAR OUT!

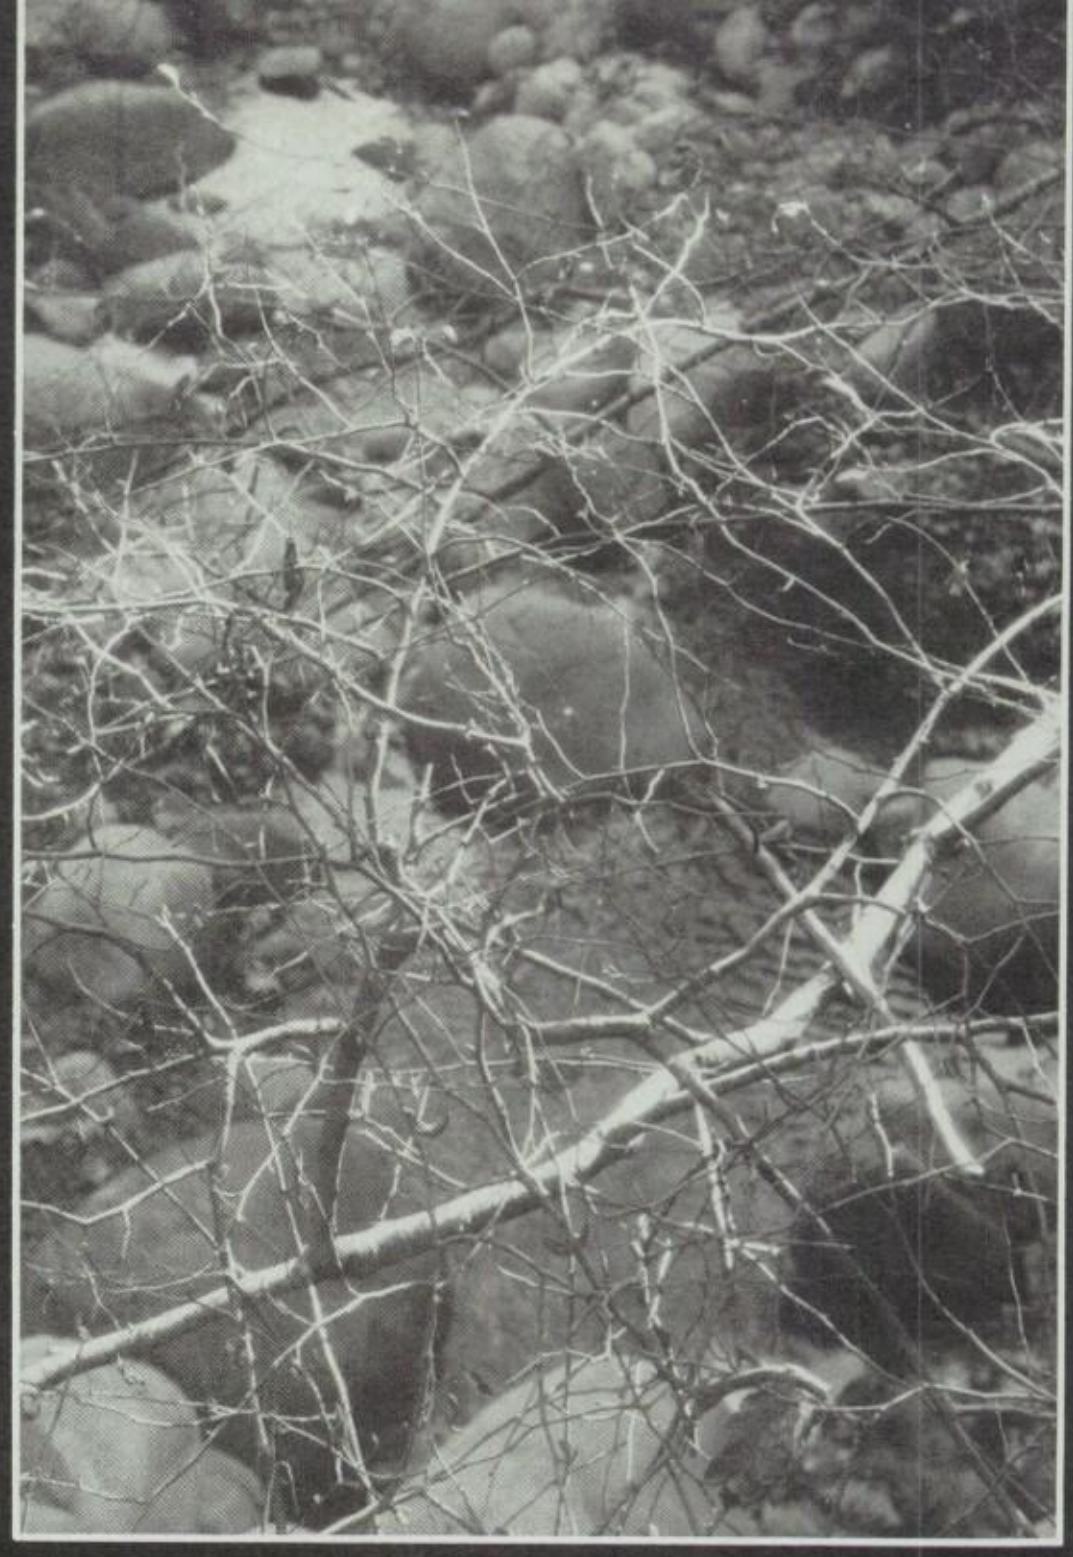


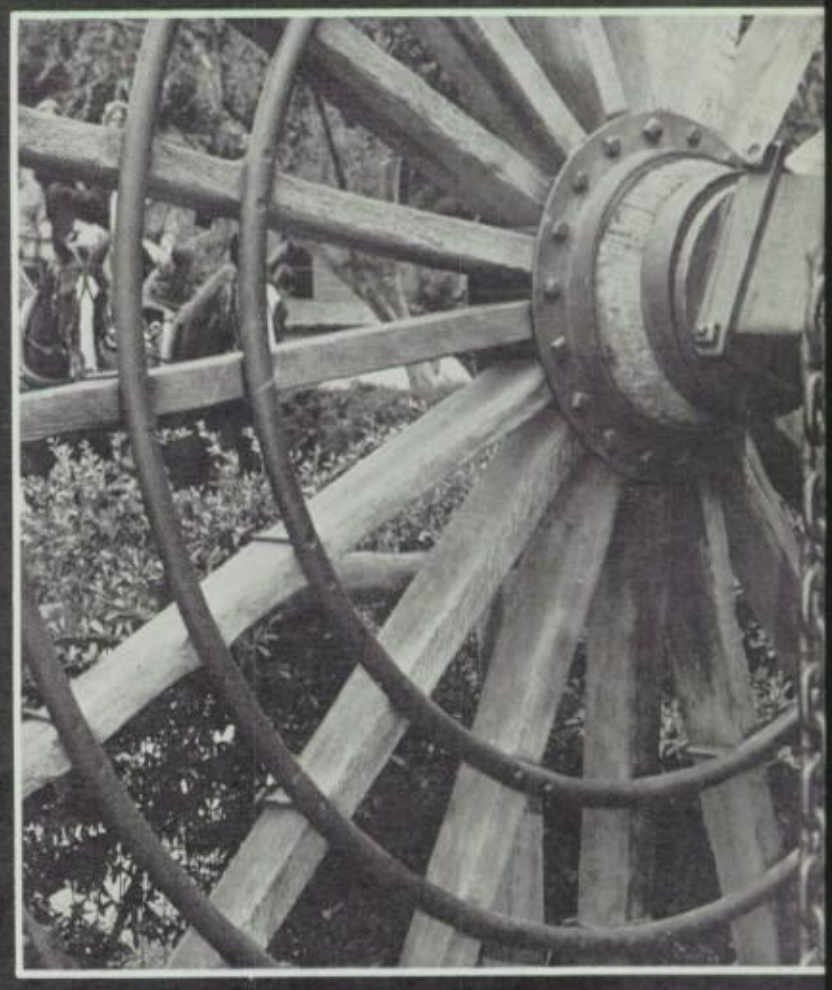
"Every beauty and greatness in this world is created by a single thought or emotion inside a man. Everything we see today, made by past generations, was before its appearance, a thought in the mind of a man or an impulse in the heart of a woman."

Kahil Gibran

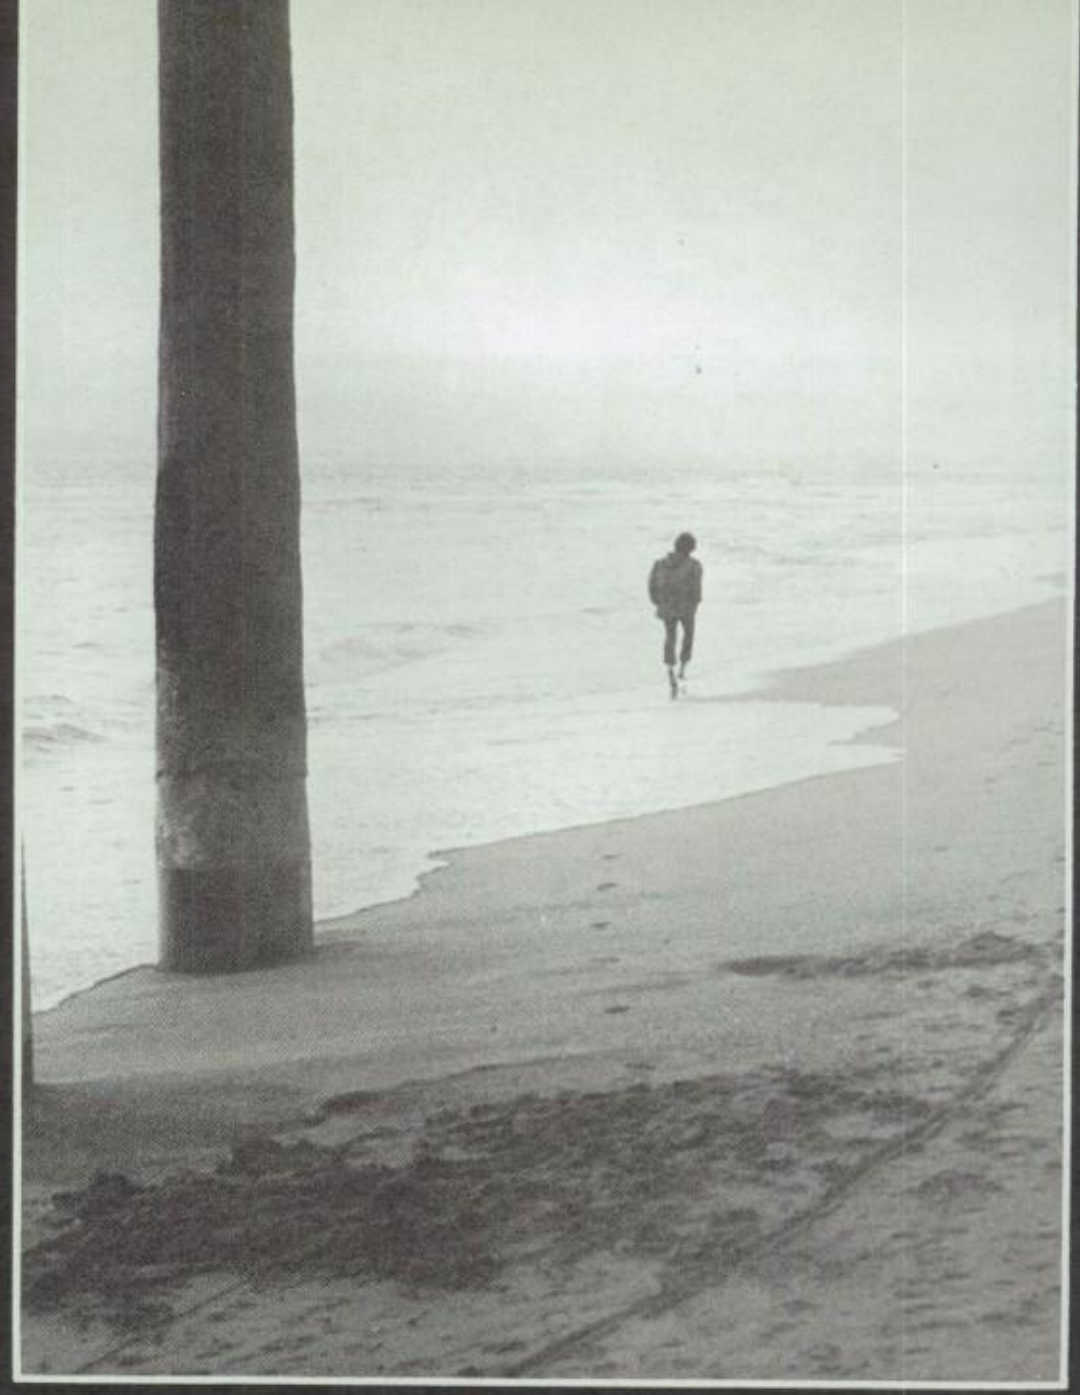
Time and nature are ever changing,



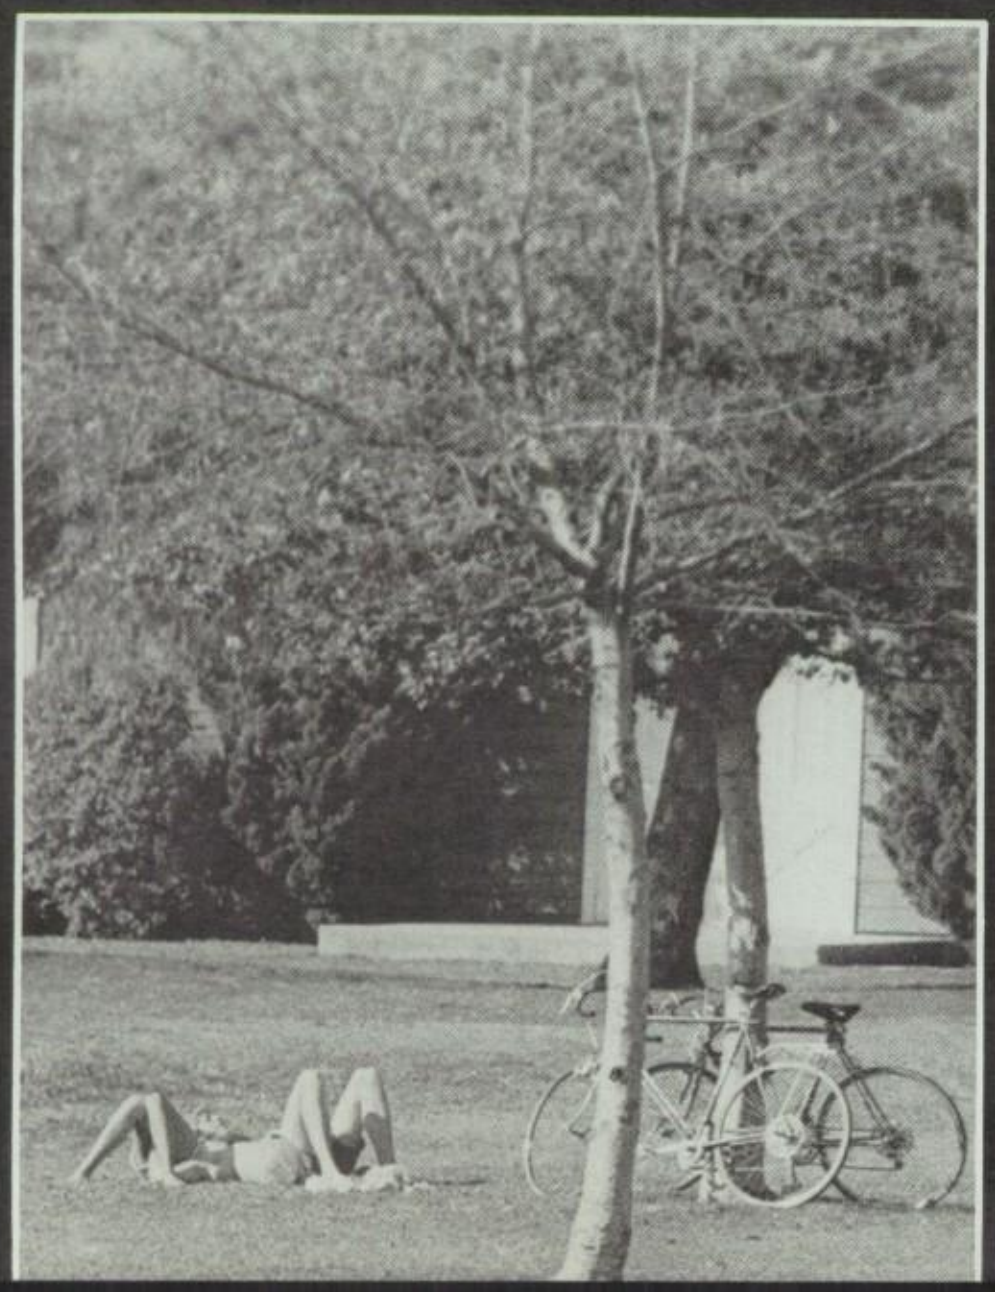


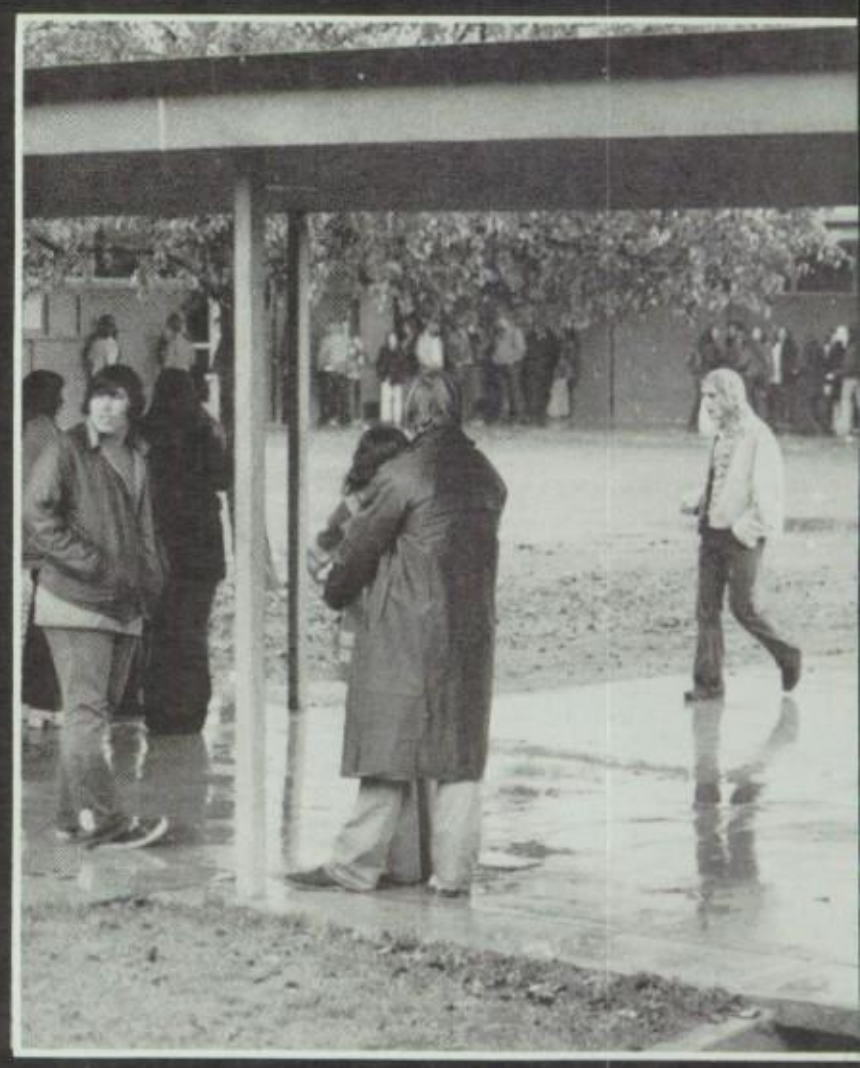


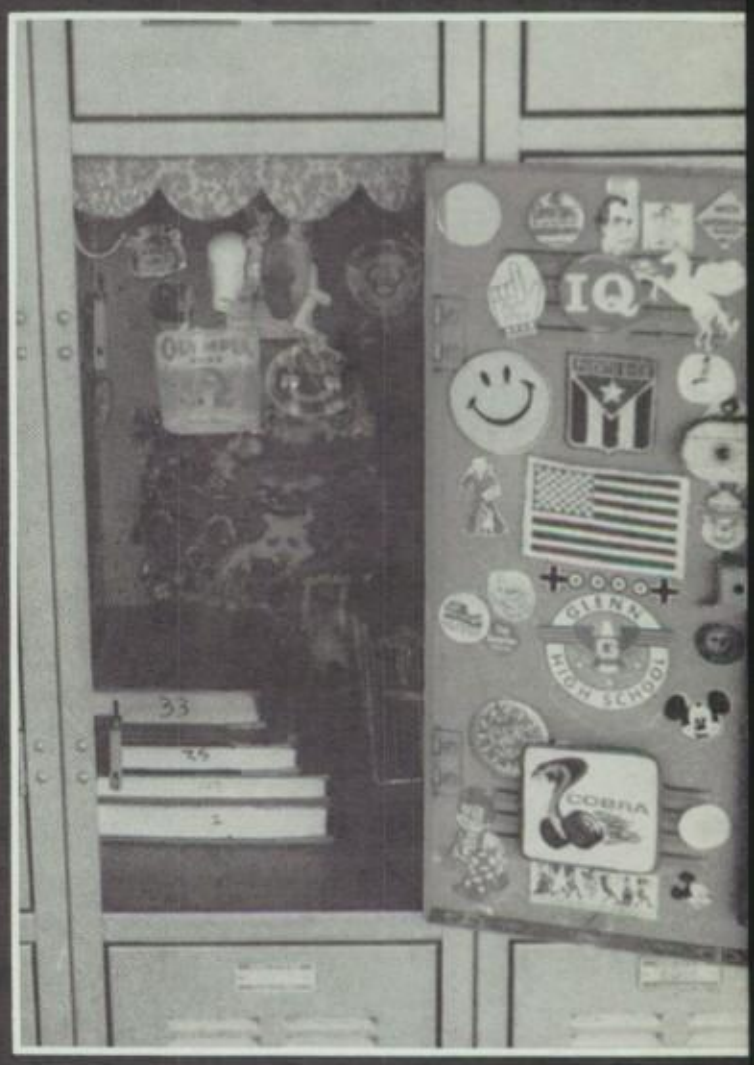
man, too, affects change—

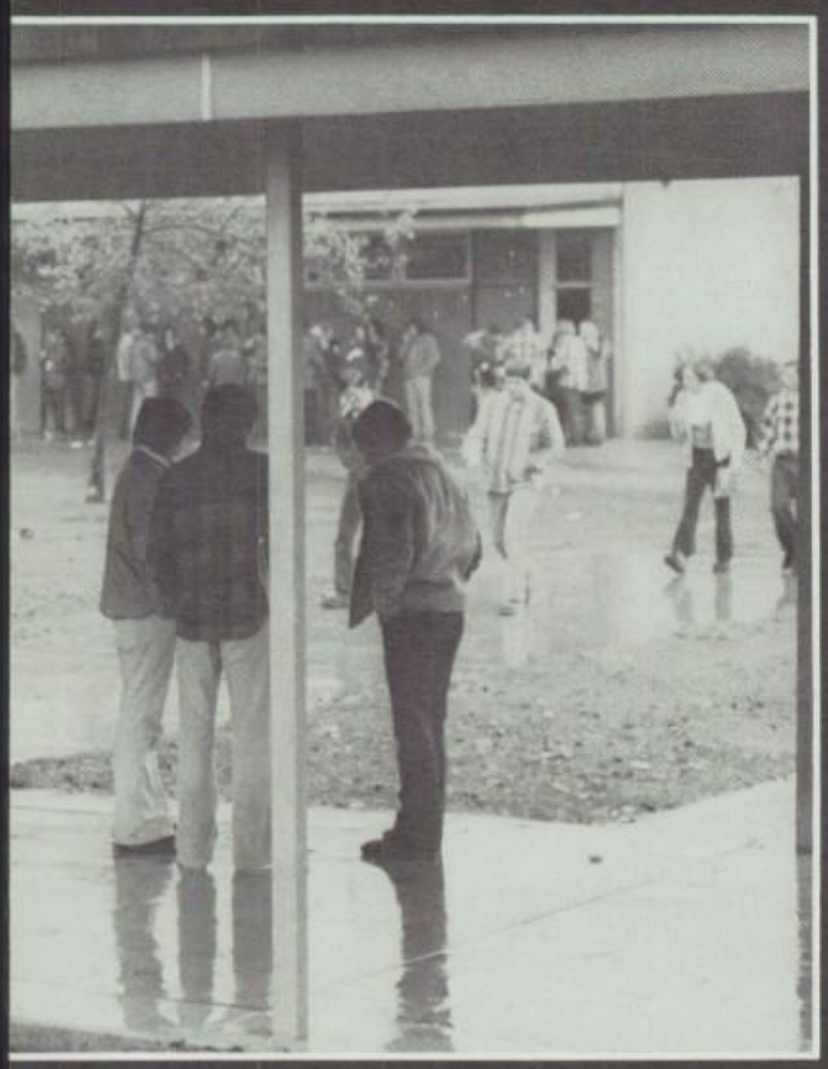


Do we prefer ordered life,









a random existence,
or a life somewhere in between?

And furthermore . . .

We the editors and staff members of the 1973-74 Patriot wish to formally summarize and evaluate our trials and tribulations of the past year. Although this copy is under the influence of 28 people who are quite hysterical and pooped, we want you to realize that all of the following information is the truth, the whole truth, and nothing but the truth - so help us God.

In the process of completing this book, we have gone through 100 odd and 100 even pages, 13 grease pencils, innumerable croppers, hundreds of rotten photographs, 35 trips to the photographers in L.A., lots of activities with no photographers, 3 cameras, 1 great Christmas party, 30 attempted suicides, painted signs, hands, knees, and feet, 54 visits to the 1100 building potty, thinking that the janitor was making an awful lot of noise shaking out his mops next door and finding it was really Zambini locked in the boys' restroom at 10 o'clock at night and pounding on the door, umpteen times reminding Perry to remember not to forget to remind Darrell of . . ., 1 worn out advisor, the Lady in Black, Groucho Marx, and Charlie Chaplin.

We have suffered 1 banged up knee, 19 cases of nervous acne, eighteen 11:30 P.M. evictions and 18 mornings after, 5 cases of being caught climbing over the fence at 10:00 P.M. with Dr. Peppers and hamburgers, a hell of a lot of obsenities, D.J. on the war path, 179 days of grossness and lots of obnoxious, emotionally disturbed people.

We have consumed 23 cases of Dr. Pepper, 16 extra large pizzas (without D.J.'s anchovies) 18 runs to McDonald's, 32 to Tastees, 6 hungry trots to Taco Joe's, 2 runs to Taco Bell and one glorious meal of chorizo and beans

Believe us if you have any complaints or criticisms after all this... **TUFF**
